OVER 50 YRS. EXPERIENCE

Here are just 14 Aladdin Workers who have been with the Company for an average of 37 years. They are ready to help you with your building plans.

H. V. WHITE—38 Yrs.
Ass't Gen. Mgr. and Sales Mgr.

O. M. PIERCE—44 Yrs.
Sect'y and Treas.

A. I. LAMB—43 Yrs.
Vice Pres. and Supt. of Prod.

REPUTATION IS A PRECIOUS THING

Customers of over FIFTY years may write to The Aladdin Company today and know that the management is unchanged, and that they are writing to and dealing with old friends. Who can better know the building needs of the homebuilder or better know how to fill them—than the men of Aladdin who originated the Redit-cut System of Home Building—the pioneers of "Do-It-Yourself."

A large and successful manufacturing firm can be built only upon a foundation of Honesty, Service, and Savings to its customers. Aladdin maintains leadership because it progresses and develops new ideas year after year. All plans and designs are thoroughly studied and correctly engineered before they are offered to the public. Although other companies have come and gone, we at Aladdin are proud of our long existence due to the fine Service and Satisfaction given our customers for over FIFTY years. Our motto: "Satisfaction Or Your Money Back."

ALADDIN..for Quality ALADDIN..for Savings ALADDIN..for Beauty

THE LUMBER WE USE

The lumber you will receive with your home is checked for moisture. You never receive green or unseasoned lumber with an Aladdin Home. Aladdin never piles lumber out-of-doors. All Aladdin lumber is stored in our mill and warehouses. Over 50 years of home manufacturing experience gives you absolute assurance that your investment in an Aladdin Home will not only be profitable but lasting. The use of Aladdin dry lumber means better construction—a sounder investment.

YOU SAVE ON LABOR—YOU SAVE WASTE

It is an established fact that power-driven machines can do BETTER work at a lower cost than hand labor. The lumber in your Aladdin Home is accurately cut-to-fit by machines, marked and numbered, ready for erection. An Aladdin Read-Cut Home saves you from 30 to 40% on your labor bill because the carpenter does not have to spend time measuring, cutting, and fitting on the job. Aladdin's complete drawings and construction details represent over fifty years of testing for the best method of construction. All cutting and fitting has been done in our factory by precision machines, assuring you of a better-built, stronger, and more substantial home and a home YOU CAN BUILD YOURSELF. Only standard size materials are used in Aladdin Homes, thus eliminating waste. All millwork, doors, windows, etc. are manufactured to standard sizes giving you the benefit of quantity production. By scientific planning, designing, and cutting, the Aladdin Read-Cut System of Construction saves you 18% in waste—\$18 of every \$100 spent goes into the waste pile when building the old hand-sawn way.

DESIGNED BY EXPERTS

Every Aladdin Home is designed and the construction engineered by a staff of experts. All plans are surveyed from every angle to assure you that you will receive a home that is skillfully and conveniently planned, technically sound, and sturdily built. Our experts are ready to give you their advice, analysis, and judgment on anything you may wish to know about your Aladdin Home.

Quantity Buying Because of the tremendous amount of building materials we purchase each year, we are in a position to buy at the lowest possible prices. The large quantity purchased makes it possible for us to obtain prices far lower than any company or individual who has a demand for only a few homes each year.

When the finest grades of materials are used, you are assured of the highest kind of an investment in your home. We never, in any case, sacrifice quality for price or profit. Aladdin Certified Lumber is guaranteed to be unsurpassed.

Showing Simple Plan of Laying Out Materials

One of the most amusing remarks made is that the builder of an Aladdin home will lose as much time hunting out his material and finding the right pieces as he will save by the Read-cut System. Any thought about time lost in hunting for pieces will be found untrue when you see the simple system of laying out materials given in our Instruction Book with every home.

The El Rancho—Western Beauty —

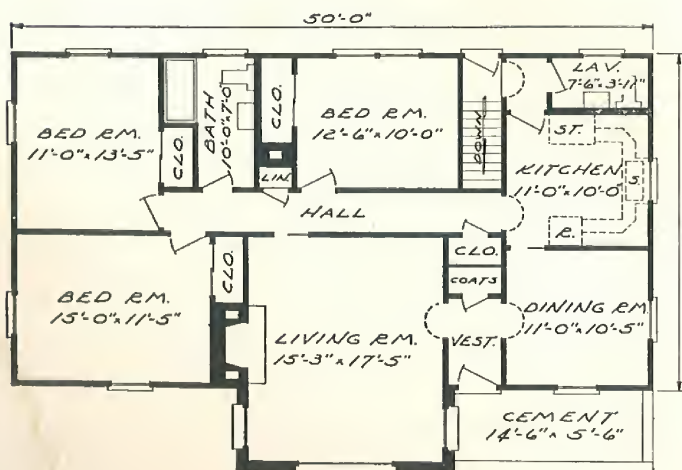

Price Given
On Enclosed
Price List

WE PAY THE
FREIGHT

PLAN No. 1

Advanced house design is perfectly expressed in both exterior features as well as interior plan of the El Rancho. While cut stone is used in the projecting living room, enhancing the beauty of the whole, this feature may be altered by the use of either siding or "Shake" Shingles. In our price for the El Rancho we have included siding where stone is shown in the front wall. If you plan to use stone as illustrated, write us for allowance for siding and paint for that portion of the front wall. Graceful roof gable-ends are splendidly proportioned. The entrance door is covered, protecting family and visitors in inclement weather. Two floor plan arrangements are shown here, each having a complete bath and a lavatory, and plenty of closets. Write for detail specifications.

PLAN No. 3

FIFTY YEARS OF CONTINUOUS SUCCESS IN MANUFACTURING AND MARKETING ALADDIN HOUSES FOR AMERICAN HOMEBUILDERS IS YOUR ASSURANCE THAT WHAT ALADDIN PROMISES, ALADDIN PERFORMS. *ALADDIN GUARANTEES TO MAKE YOU SECURE IN THE FULFILLMENT OF EVERY PROMISE MADE TO YOU.**

The Coronet—RESPLENDENT IN FORM and COLOR—

Price Given
On Enclosed
Price List

WE PAY
THE
FREIGHT

Here's the New Look in Homes—a charming combination of unusual details and smoothly flowing lines. Notice the wide roof overhang so popular nowadays; the unique front gable, with decorative supporting columns, which serves to accent both the main entrance and the large Scenic window with stone planter in the foreground. Other noteworthy details are the short corner windows serving the dining room, allowing wall space for furniture underneath, and the

use of horizontal and vertical boarding for contrast. Today's trend is to individualize your home thru the use of modern pastel colors for the exterior. Just visualize how attractive the Coronet will be when painted in your favorite shade! This home is available in two and three bedroom plans, conveniently arranged, with excellent closet space. Study the floor plans shown. Send for specifications.

WE PAY THE
FREIGHT

"A new revelation in beauty and styling"—that's what our friends are saying about this new design. Aladdin, in following the modern trends in home styling have come up with the supremely stylish Montclair. Note the touches of modernity as evidenced in the flowing roof lines, the exterior wall treatment, and the scroll type porch support. The interior of the Montclair is just as thoroughly

modern with the newly popular, combined dining-kitchen, and the expansive living room. The bedrooms are of unusual size and planned for the easy placement of your furniture. Your color scheme will lend variety and distinction to this home. Your selection of colorful items for your home can provide a fresh, new kind of beauty. Regal splendor is apparent in every line of this home, made for young living. Write us today for further details, and specifications.

PLAN NO. 1

SAVED HARD EARNED DOLLARS—THANKS

Gentlemen:

September 10, 1956

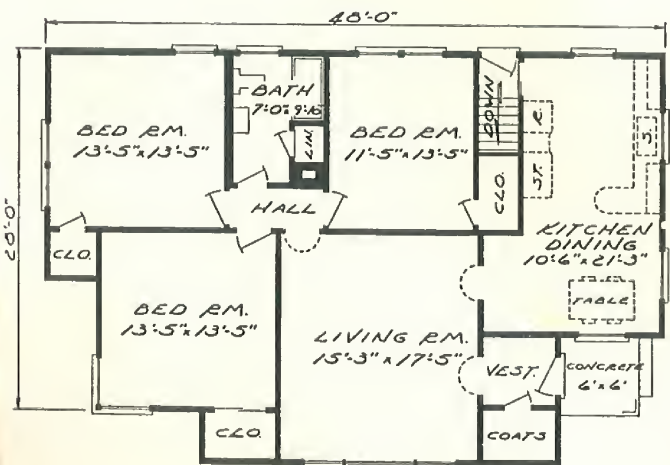

It has been such fun building our Del Ray Aladdin Home that it seems to me a little note of "Thanks" seems in order, for it was you who have saved us many of our hard-earned dollars.

We hope to be all settled by this time next month. You can't imagine how proud we are of our new home. Many, many Stoughtonites have watched it go up, so we are hoping there will be more to join us in our Aladdin experience. The Clarence Bjain home here "sold" us and each day we are more thankful that we chose "Aladdin."

So again, let me say "Thanks" for giving us a new lease on life.

Sincerely,

Mrs. M. S. S., Stoughton, Wisconsin

Above is illustrated the very finest architectural masterpiece. Many hours of study and planning were patiently devoted to its final perfection. It pictures the exterior finished in brick veneer. We do not supply brick or any other masonry materials. If you wish to use wood siding or shake shingles, write for prices. Note how the well grouped check rail windows break up the expansive front wall. Gable ends are furnished in siding as shown.

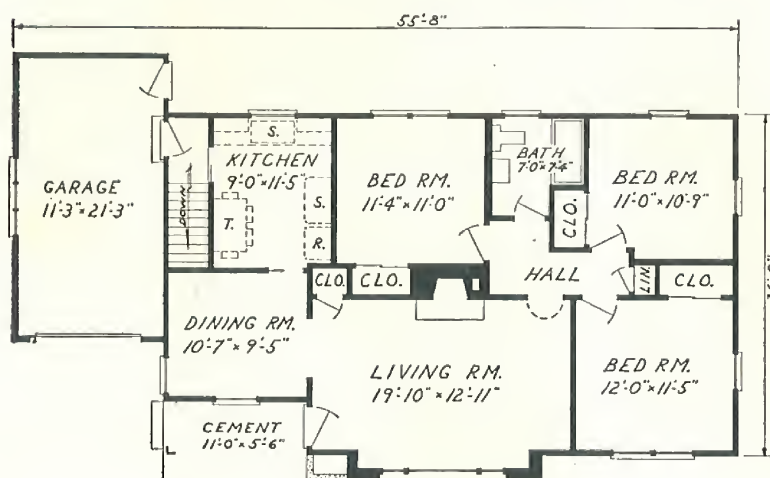

Both plans shown are three bedroom designs. You will find a powder room as well as a conventional bath. The attached garage does not protrude in front giving a harmonious detail. Write for specifications.

The Plaza — Flowing Lines —

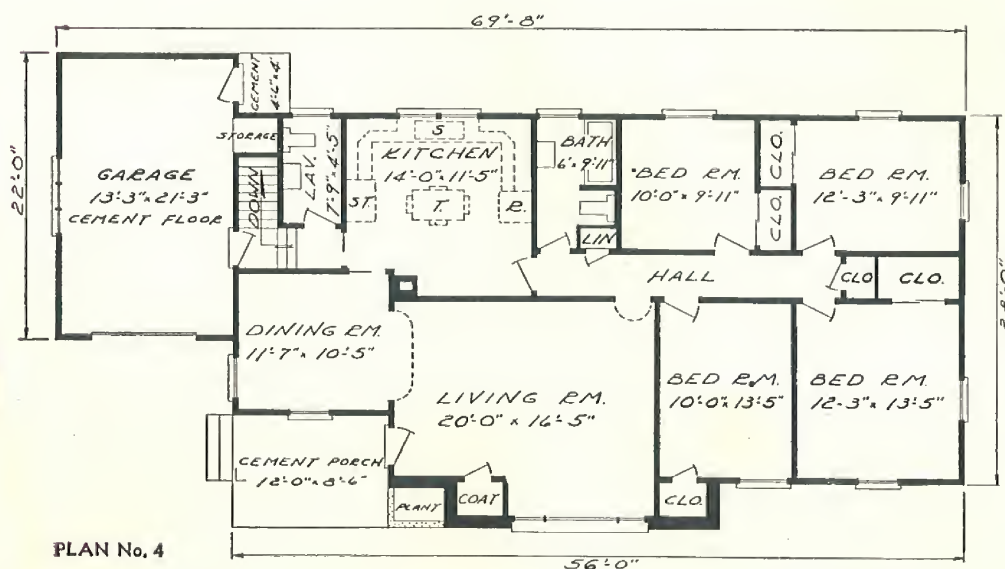

Price Given
On Enclosed
Price List

WE PAY
THE
FREIGHT

PLAN No. 2

The Plaza exemplifies what we mean by "streamlining" in modern house design. This unusual design has smart styling to make it something of a showplace in any community. Notice that everything is "under cover." Even the terrace leading to the front entrance in the illustration above is protected by the sweep of the overhanging roof. The dominant note is the big Scenic window that virtually brings the outdoors right into the living room. Variety is achieved by the way the living room is projected out beyond the house line, protected by the gabled roof. Another modern note is the garage setback which permits a second window in the dining room of both plans. Modern as this design is, a traditional note is achieved in the cedar "shakes" used for the exterior. The use of cut stone as shown in the illustration is optional with the purchaser. We do not supply this material. Write for detail specifications.

WE PAY
THE
FREIGHT

The designing skill of Aladdin's Architectural planners was never better displayed than is revealed in the above picture of our new Evanston. Here are combined the latest trends in interesting structural elevations, with a choice of livable and efficient room arrangements. Two of the three gables distinguish themselves with scalloped perpendicular boarding. Our color expert has shown the present popular green body contrasted with white and touched with flamingo on the entrance door. A careful study of the floor plan evidences excellent arrangement and proportion for modern day living. We will be glad to furnish you with complete specifications and further information.

"DO IT YOURSELF" The tremendous impetus given the "DO IT YOURSELF" movement the past year or so is but the long delayed recognition of Aladdin's 50-year national advertising campaigns: "Build Your Own Home."

PLAN 1

FOR WIDE OR NARROW LOT

The unique plans shown for the Evanston make possible the placement of either plan on a wide lot with living room facing front, or on a fifty foot lot with entrance and kitchen facing street. Write us for further information.

PLAN 2

NO AGENTS OR DEALERS

For over fifty year history of "Aladdin," the Company has never employed agents, dealers or outside salesmen. Aladdin houses can only be bought direct from the Company. No part of your purchase price goes out as commissions, discounts or profits to middlemen.

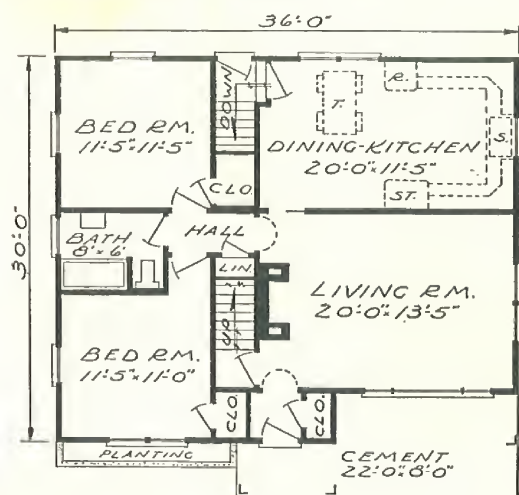

The Astoria—Two Four-Bedroom Plans—

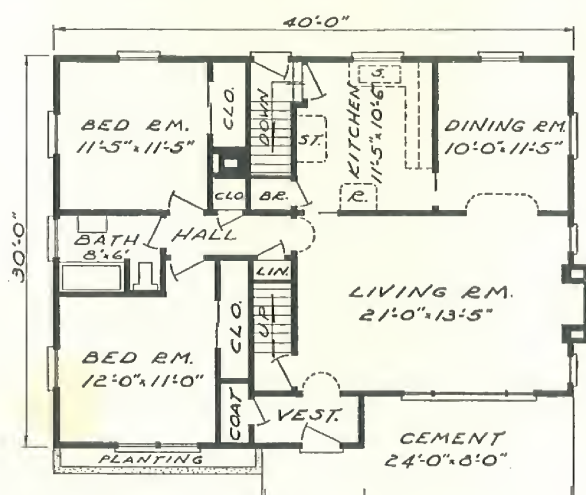

Price Given

Price List

WE PAY THE
FREIGHT

Here is a distinguished example of a true and conservative American home. Fads and fancies have no part in its well-proportioned architectural details and real home-making interior arrangement. The economy of one-and-a-half story—of expandable design—permit lower investment to start with, and later enlargement of, as the family grows. An inviting front porch opens through vestibule into a really generous, well-lighted living room. Sliding door separates living room and dining-kitchen, which is of exceptional dimensions. Access to bath and bedrooms from both living room and kitchen is a desirable feature. Prices quoted for both plans include stairway to second floor and sub-floor, but otherwise unfinished. Write for further details.

PLAN No. 2

WE PAY
THE
FREIGHT

Here is an exciting study in contrasts. The crisp, clean profiles, as viewed from the front or side, appeal to your sense of beauty and surely express a dramatic originality. Contrasts are accomplished by the use of our large cedar shake shingles interspersed by wide siding in the gables and perpendicular siding around the entrance and scenic window. Your choice of several colors for the cedar walls is available, together with white or pastel colors for the siding. Two highly interesting and efficiently designed plans are shown, giving you a choice between a two bedroom and a three bedroom arrangement. Entrance vestibule with coat closet is a much appreciated feature. Complete specifications will be sent on request.

ALADDIN SERVICE

We have experienced every problem, every situation that can possibly arise in the fascinating project of creating a home, and our instructions, advice, and help have made it possible for inexperienced customers—over half of our customers—to perform all the work of building their Aladdin Homes with their own hands. No Aladdin House is offered to the public until our engineers have carefully checked every construction detail. You get the newest in design, plans and material.

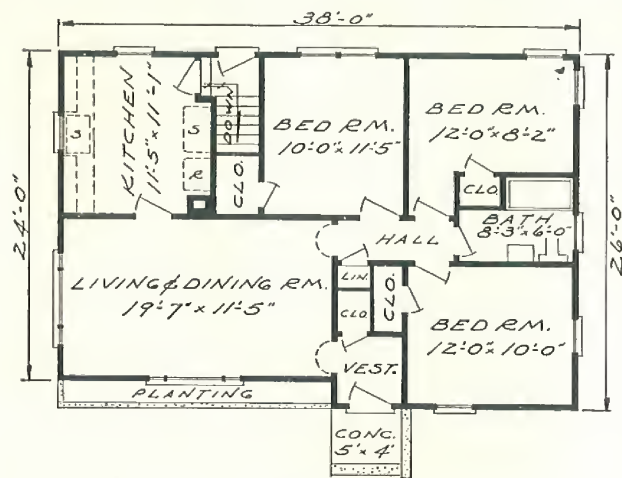

The Alamo — Radiantly Modern —

Price Given
On Enclosed
Price List

WE PAY THE
FREIGHT

Over FIFTY years' experience in keeping abreast of the desires and needs of American home builders are summed up in the Alamo which will be one of the leaders in our new designs. The exterior lines are splendidly proportioned and in harmony with the hip roof and moderately styled projecting eaves. Note the large scenic window with side lights which harmonize with the horizontal window lights in all other windows. The outside walls are finished with the newest development—long-lived red cedar shingles, grooved and etched to resemble the antique "hand-rived shakes" which are already dip-stained when you receive them. They, therefore, do not require the expense of painting. These shingles come in several shades.

Three interesting floor plans are shown for the Alamo. Whichever one you choose will result in the identical appearance shown in our attractive picture above. The brick work in front is not part of the foundation and may be omitted without detriment to the appearance of this charming Aladdin home. Write for specifications and further information.

PLAN No. 3

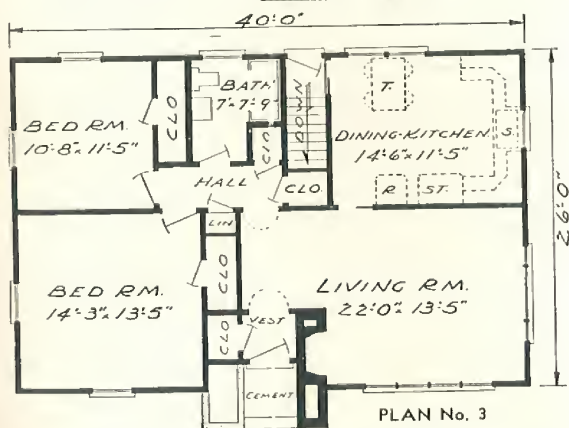

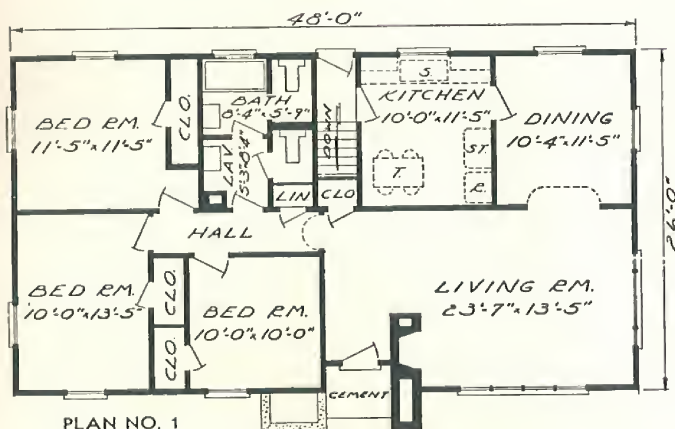

PLAN No. 2

The Santa Fe — Resplendent in Detail —

Price Given
On Enclosed
Price List

WE PAY THE
FREIGHT

SAVE FROM \$2000 to \$2500

Dear Sir:

May 23, 1956

We had no carpenter labor or finishing labor as we did all of it ourselves with very good results. We feel we saved at least \$2,000.00 to \$2,500.00. We are very happy with this type of construction.

Sincerely,
Mr. B. R., Aurora, Nebraska

Aladdin designers have captured the newest trend in home planning with the presentation of the Santa Fe. It is fascinating in its simplicity, and because it is a perfectly square structure, it is also most economical in cost. The Santa Fe is shown with large insulated back "Shake" Cedar Shingles described elsewhere in this book. While the large chimney adds charm to this home its construction is optional. Two floor plan arrangements are shown here — one three bedroom and one with two bedrooms. The living room is generously provided with light, having two large scenic windows. Ample closets are arranged in each plan. By sending for our specifications you will receive detail information on every part of this lovely home and further details in reply to any questions that you want answered.

The Friendship — With Sheltered Entrance

Price Given
On Enclosed
Price List

WE PAY
THE
FREIGHT

It's new, it's original, it's beautifully proportioned, it expresses brightness, light and *friendliness*. Its simple, well-proportioned lines are appealing—and permit extreme efficiency in production costs. The two most important rooms in a home, the living room and kitchen, are really expansive, and of sizes rarely found in homes of this size. The living room, as designed, provides 40 feet of unobstructed wall space. No problem to arrange furniture to your liking. The FRIENDSHIP kitchen makes possible installing a dining table and all the fixtures AND equipment of the finest "department of foods." While Plan No. 3 includes four bedrooms and a bath

and a half, three generous sized bedrooms and bath are segregated from the living space in Plan No. 1. The carport, if included, at additional cost, offers ample protection for your car, at a fraction of the cost of a garage, as well as affording protection for the kitchen entrance. A storage space for tools and other equipment is arranged under the carport roof. Write us for Specifications and further details.

The Monterey—Hospitality House

Price Given
On Enclosed
Price List

WE PAY
THE
FREIGHT

"Hospitality house" would be a proper term to describe this warm and friendly home. It is purely conventional in feeling, yet incorporates especially modern features. The living rooms are really expansive and prepared for entertaining a host of friends. Notable is the design of the dining-kitchen in plan No. 1. Here the family gathers in close association with the homemaker on the three occasions of every day—meal time. More and more it is becoming common to combine the kitchen and dining room. The plans below speak for themselves. Price quoted for the No. 1 plan includes finishing second floor as shown. Price on the No. 2 plan includes stairway and rough floor only. Price for finishing Plan No. 2 complete will be given you on request. We will tell you more about the Monterey if you write us. In our price for the Monterey we have included siding where brick is shown in front wall. If you plan to use brick as illustrated, write us for allowance for omission of siding and paint for that portion of the front wall.

This plan is distinguished by a rare arrangement of the front elevation. The garage, fronting the street, is in perfect harmony with the whole, and meets the current demand for this type. The front entrance is embellished with fluted pilasters, the front gable discloses perpendicular siding and the expansive bay window, enclosed by a garden wall of stone (optional) lends especial charm to the whole. Arranged in Plan No. 1 will be found vestibule, well-proportioned living room, two bedrooms, combined kitchen and dining space, bath, cellar stairs and accessible garage with entrances from both the outside as well as the interior. Plan No. 2 includes these same features but with three bedrooms. While the above photo of the Bellevue shows the exterior finished in brick, we can provide either siding or shake shingles if you do not wish to build your home with a brick veneer exterior. Write us for prices on siding or shingles if brick veneer is not desired. Send for specifications.

A study of this design will disclose many desirable features of a thoroughly modern and livable home. The front approach is distinguished by perfect balance, accomplished by the projection of living room, and garage, which also create a recessed terrace covered by the main roof. The above photo of the Houston was taken in Colby, Kansas where it was erected with brick exterior. It

can of course be had for siding or shakes. Note the size of the rooms in the accompanying plan. All are exceptionally spacious. While a cellar stairs is shown, the Houston can be erected without basement, omitting the stairs to utilize the utility room. Detail specifications will be furnished on request.

PLAN No. 1

QUALITY LUMBER

These huge trees are from six to twelve feet in diameter at the stump and rise to a height of two hundred feet or more. Aladdin selects only the finest parts of these trees and this lumber comes to you either kiln dried for all finish lumber or air dried for framing lumber before being ready-cut for your home.

HERE COMES YOUR ALADDIN HOME FROM THE

WE PAY
THE
FREIGHT

For lyric grace and infinite beauty, Aladdin is proud to offer this inspired creation. The simple elegance of this home makes it a styling triumph in design. Here is a home that is young in spirit, made for young living. The combining of brick and cedar shingles on the outside walls gives a fresh viewpoint for lasting beauty in your home. Note the symmetry in the offsets in the front wall. The segmented roof lines are thoroughly stylish and of enduring charm. Many novel features have been added to give rich character and distinction. The inspired beauty can be enhanced with your selection of color

scheme. Your new home can acquire regal loveliness, when coupled with your individuality. It will express fully your discriminating tastes. As you examine the floor plans, see the many features which will label this design truly a home of the future. The large, efficient kitchen, the gracious living room, the more than ample bedrooms, all tend to make this a very desirable home of thoroughly modern charm and elegance. Saratoga is priced with siding or shakes entire outside walls. Write us for allowance if you plan to use masonry materials shown above. Write for specifications.

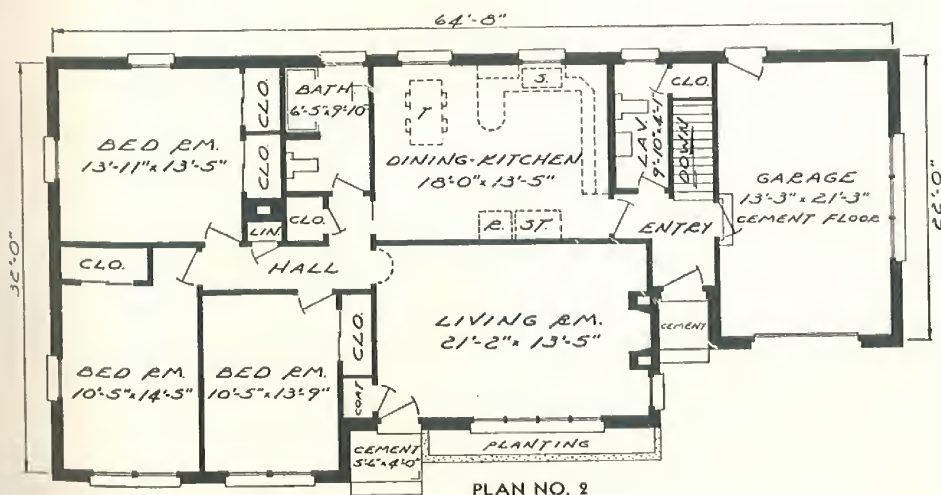

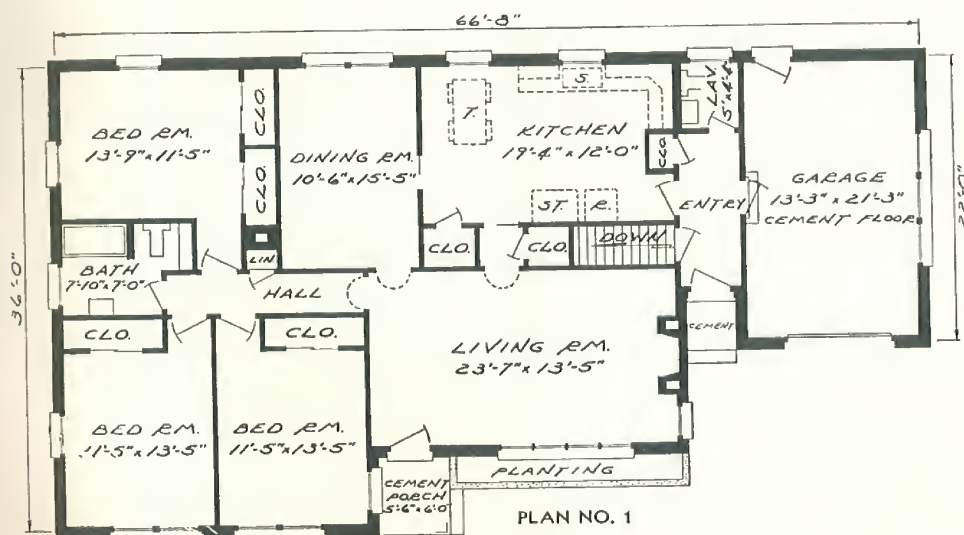

The Catalina—SKILLFUL PLANNING—

Price Given

Here is a home of ultra-modern design that can be placed either way on your lot. Frontage required can be as narrow as forty feet, or when placed the long way on your site, can still occupy a fifty foot lot. Take especial note of the large Scenic window, from floor to ceiling. You may have this window either as shown in the photo above or we will transpose it to the rear of the living room and place the mullion window, now in the back, at the end of that room. Specifications on request.

ONLY HIRED CELLAR BUILT

DID ALL WORK HIMSELF

Dear Sir:

April 17, 1956

Our home is completely finished and we are very proud homeowners. Your houses are everything you say and then some. The lumber is wonderful and fit exactly like they are supposed to fit. My work was all done by my very own self (my wife some). I had a contractor to put in my basement and that is all. Everyone that has looked at our house is amazed that I could put up a house like this. Anybody who wants to know anything good about an Aladdin Home, I can sure tell them. A proud Aladdin Owner,

Mr. J. L. B., Jefferson City, Mo.

Dear Mr. Sovereign:

July 23, 1956

My wife and I are very well pleased with our Aladdin Home. I didn't employ a carpenter to build my home. I did everything myself including putting in the foundation and cellar wall. The only experience I had before in the building game was helping a friend of mine to build a summer camp. I had no trouble following the blueprints and everything fitted just the way it was supposed to.

I can't say enough about your homes and the service and co-operation that your company offered me.

If there is any way that I can help you in selling your homes, just let me know. Cordially yours,

Mr. J. F. M., Oncida, New York

CAUTION

The following caution is written out of the unfortunate experiences reported to us by homebuilders who were enticed by unscrupulous local contractors or lumber dealers to use our plans but not our materials.

If offers are made to you to buy and build based on our plans, demand a written contract from the contractor. **Especially important to you:** Demand from the lumber dealer a written and signed bill of material covering the same details as our specifications shown below with a guarantee that there will be sufficient material of every kind and of the same quality to complete the house. Below is a sample of specifications furnished for each Aladdin home and all materials are guaranteed to be furnished in accordance with the specifications for each individual house.

A careful reading of the following will give you a clear idea of the completeness of materials and equipment which are included in the price of Aladdin Houses.

You also receive our fifty years of home building experience to guard you against mistakes of any kind.

It has taught us the best construction methods, the best materials to use, the best way to prepare the building plans so every step of erection can be followed even though you have had no previous experience in building. And to complete our service to you, we guarantee that you will receive sufficient of all materials to complete your home according to the plans and specifications.

You Will NEED Every One of These MATERIALS Listed Below to Complete Your HOME

ALADDIN READI-CUT HOUSES TYPICAL SPECIFICATIONS

FOUNDATION WALL PLATES—2" x 6" furnished to set on top of entire foundation wall, cut to fit.

GIRDER OR CENTER SILL—6" x 8" built-up of 2" stock, cut to fit.

CROSS BRIDGING—1" x 3", for use between floor joists, cut to fit and mitered.

WALL STUDDING—2" x 4" on 16" centers, cut to fit. Triple studs at all corners of outside walls. Double studs around all door and window openings.

PARTITION STUDDING—2" x 4" on 16" centers, cut to fit.

FURRING STRIPS—2" material provided for furring out wall for soil pipe or 2" x 6" partition.

WALL AND PARTITION PLATES—2" x 4" bottom plate and double 2" x 4" top plate, cut to fit.

CEILING JOISTS—2" x 6" or 2" x 8" on 16" centers, according to span, cut to fit and mitered with joist ties.

RAFTERS—2" x 6" on 24" or 16" centers, according to span, cut to fit and mitered.

RAFTER TIE OR COLLAR BEAMS—In proper size to assure sturdy roof construction, cut to fit.

SUB-FLOORING—1" sheathing lumber cut-to-fit, laid tight, at right angles to floor joists. For diagonal application, sheathing will be furnished mitered one end, but you must specify on your order.

WALL SHEATHING—One inch sheathing lumber cut to fit and furnished to apply at right angles to outside wall studding.

ROOF SHEATHING—1" sheathing lumber, cut to fit and laid tight for slate surfaced shingles.

BUILDING PAPER—Durable High Quality used between the sub-flooring and the finish flooring and wall sheathing and siding or shake shingles on outside walls, and between roof sheathing and roof shingles.

ROOF PITCH—Varies with house style.

EAVES—Type as illustrated in catalog. All materials provided necessary for completion. Eave troughs and down spouts not furnished.

ROOF COVERING—Heavy duty 3-in-1 thick-butt asphalt slate surfaced shingles weighing 215 lbs. per square. Necessary flashing included.

CEILING HEIGHT—8' 4".

OUTSIDE WALLS—Choice of 1/2" x 8" bevel siding with metal corners or artistic pre-stained Red Cedar Shake shingles furnished to lay 14" to the weather.

FINISH FLOORING—Tongued and grooved Cedar Southern Pine (25/32" thick, with 23/8" face) furnished for all rooms except kitchen, bath, lavatory, and utility where shown. 5/8" plywood furnished for above-named rooms as a base for tile or linoleum.

OAK FINISH FLOORING—Can be furnished instead of Pine at a slight extra charge. Write for prices.

OUTSIDE FINISH—Furnished in standard lengths and widths. Clear grade. Mitered for gables.

OUTSIDE MOULDINGS—Furnished where required.

DOOR FRAMES—Cut to fit, lock joint construction—bundled—ready to assemble.

INSIDE DOORS—All hinged doors and sliding doors are 2-panel design of highest grade Douglas Fir. Flush doors optional at small additional cost.

OUTSIDE DOORS—Front door Style as illustrated. Rear door Style No. 8.

WINDOW FRAMES—Cut to fit, lock joint construction—bundled—ready to assemble.

FLOWER BOXES AND WINDOW SHUTTERS—Furnished where shown.

CLOSET SHELVING AND HOOK STRIP—For ALL closets. **WINDOWS**—All sash glazed with high quality glass. Style and size as shown in catalog illustration.

INSIDE TRIM—Accurately machined Modern narrow moulded design with nosed edge baseboard and base shoe. Beautifully grained Selected Arkansas Soft Pine.

ARCHES—Where arches are shown, we will furnish metal forms to build a curved plastered arch or if you use wall board or plaster board, we will furnish frame and trim for a square cased opening. Tell us the kind of material and thickness you will use when you place your order.

BASEMENT STAIRS—Furnished as shown in plan, cut to fit, and manufactured of the finest quality stock. All stairs are cut, and ready to assemble on the job.

ATTIC ACCESS PANEL—We furnish paneling and inside trim for an opening in the ceiling usually placed in the hall so you can have access to your attic.

PLUMBING PANEL—We provide paneling and inside trim to arrange a panel giving access to your plumbing in your bathroom.

INSIDE DOOR HARDWARE—Latest design tubular locksets with solid brass knobs.

OUTSIDE DOOR HARDWARE—Brass cylinder locksets with solid brass knobs for all outside doors. Keyed alike.

DOOR BUMPERS—Included for all inside and outside doors.

DOOR HINGES—Furnished to match other hardware.

WINDOW HARDWARE—All Check Rail windows are equipped with genuine Vikre sash holders installed in factory which hold window in any position. Sash locks and sash lifts furnished. Where a casement window is shown the proper casement window hardware is furnished.

NAILS—Furnished in proper size for all work and in a quantity sufficient to complete the home.

LOUVERS—Furnished for gables of proper size to provide sufficient ventilation. Roof louvers furnished for all hip-roof houses and eave ventilators for all houses with wide eave projection.

OUTSIDE PAINT—Three coats furnished for all outside work. First Quality house paint, furnished in choice of colors. Oil, turpentine, putty, etc., furnished in ample quantities.

INTERIOR WOODWORK FINISH—For all doors, windows and interior woodwork, we furnish three coats of quick drying spar varnish or three coats of interior semi-gloss paint or three coats of interior high gloss paint. Specify type of interior woodwork finish desired when you place your order.

FLOOR FINISH—We furnish three coats of quick drying mar resistant varnish. When Oak flooring is ordered we furnish natural wood filler and two coats of quick drying mar resistant varnish.

INTERIOR WALLS AND CEILINGS—Because of the many kinds of lining materials now used, we have not included any lining materials in our prices. Rocklath, plaster, wallboard and plasterboard are available in any locality at about the same price. We recommend that you secure your lining materials from your local mason contractor.

PLASTER GROUNDS—If you plan to plaster your home, tell us when ordering and we will supply plaster grounds. Plaster grounds are wood strips furnished to nail around all inside door openings and at the base of all walls and partitions as a plaster guide for a correct plaster thickness.

"ONE SEEING IS WORTH A
THOUSAND TELLINGS"

COME VISIT US

ALADDIN Mills at Bay City

**Main Building
1000 Feet Long**

Above, bird's-eye view of Aladdin Mills. Here between five and six million feet of thoroughly dry lumber is housed under cover at all times in the five large Aladdin Mill Buildings shown above. No lumber is piled or yarded out of doors. This means that our lumber enters the cars directly from inside storage and reaches you without being subjected to rain or moisture. We do not buy green or partially dry lumber of any kind. No house is well-built unless thoroughly seasoned lumber is used. Dry lumber is pre-shrunk which prevents shrinking later, has superior nail holding qualities and is more resistant to decay. It is stronger and sturdier.

SHOWN ABOVE IS HOW MACHINERY TAKES THE PLACE OF HAND LABOR

One automatic Aladdin saw can cut, to exact lengths, 32,000 to 38,000 feet of 1x6" in an eight hour day. The operator simply slides the lumber against adjustable cut-off, presses electrically operated foot pedal, and the saw automatically moves forward—makes the cut with lightning speed and accuracy, and automatically returns to position. This is just one example of the substantial savings we pass on to you by up-to-the-minute machinery. We operate a battery of four Hydracut saws—capable of cutting to exact size 128,000 feet of fine lumber per day.

HERE'S HOW YOUR ALADDIN HOUSE IS SHIPPED

PEOPLES NATIONAL BANK
OF DETROIT
RAY CITY, MICHIGAN

January 2, 1937

To Prospective Aladdin Customers:

This bank has enjoyed a banking relationship with The Aladdin Company for over fifty years. During that entire period we have been impressed by the company's excellent reputation, integrity, and sound business principles.

The Aladdin Company has earned the confidence of the people through the fine manner in which it has handled all of its business transactions with thousands of home buyers.

Very truly yours

Edward W. Bowen

Executive Vice President
and Cashier

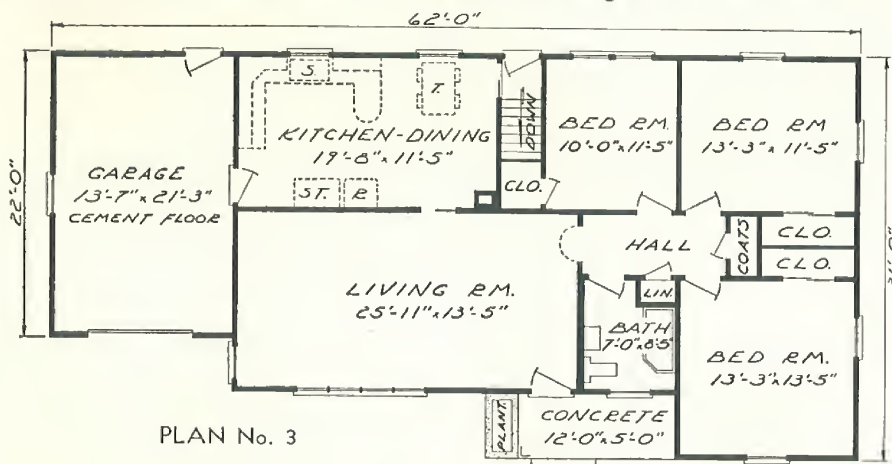

The letter above fully explains our business reputation and ability to fulfill our obligations. We refer you to your own local bank or Dun and Bradstreet's for further reference as to our financial responsibility.

The "Phantom" railroad box car pictured below illustrates graphically, by its contents, the manner in which you will receive your Aladdin house. The greatest of care is used by our loading crews, following a detail plan, to insure against damage in shipping. A skilled employee stands at the car door to check off every item against our shipping list. The studding, rafters, joists and sheathing are loaded first at the bottom of the car, with the flooring, finish lumber and other parts of the house, as listed on the bill of material which you receive as soon as your house is shipped, are carefully dispersed and braced at the top. While the cubic contents of this loaded Coronado No. 1 occupy only 1920 cubic feet, when erected the house contains 13,392 cubic feet of staunchly built floors, walls, ceilings and roof. And remember that our unlimited guarantee of sufficient quantities and safe arrival of every item protects you completely.

THE VENTURA—With Garage Attached

The Ventura

Because of the many requests we have had for a garage to be attached to our Ventura home, we show, at the left, an illustration of this arrangement, and below, a floor plan showing the attachment of the garage. Price of this design is given on the enclosed price list. Write for detail specifications for Plan No. 3. See page 32 for additional plans.

CONCRETE SLAB

Any Aladdin Home can be erected on a concrete slab foundation. Write us for further details, naming the home you have selected.

HELPFUL INFORMATION—READ CAREFULLY

FOUNDATION PLANS—A foundation plan for the home of your selection will be mailed you complete with instructions for laying out the foundation wall upon receipt of a deposit of \$5.00. Be sure to get the foundation plan for your home before starting your foundation wall, and tell us if you will build the house regular or reverse.

PLANS CAN BE REVERSED—Any Aladdin home can be furnished to be erected reversed. In a reversed home all rooms shown on the right-hand side in catalog floor plan arrangement will be on the left-hand side. Be sure to tell us if you plan to build your home reversed.

SPECIAL PLANS—The success of the Aladdin Read-cut System depends to a large extent on the reasonable standardization of designs and material sizes. For this reason we find it impractical to quote on special plans of any kind.

GABLE MATERIAL—For the white gables illustrated on pages 5, 8, 21, 29, 33, 53, 55, and 64, we furnish exterior plywood veneer, which is perfectly smooth. We can furnish vertical boarding as shown on pages 9 or 13, or bevel siding as shown on pages 7, 18, or 34, or shake shingles. Specify gable material desired when ordering any of the homes mentioned above.

ROOM SIZES—The sizes shown on our catalog floor plans are net dimensions between finished, plastered walls. These dimensions give you the accurate sizes of rooms. Most plan books give room sizes measured from outside to center of partition, making the room, when finished, 7" smaller each way than noted on their plans.

BRICK VENEER—Any Aladdin Home shown in the catalog with siding or shingles on the exterior can be built having a brick veneer exterior, which we do not furnish. Write us for the allowance for the omission of siding, paint, and nails if you wish to veneer the exterior with brick. We do not furnish any of our homes for a solid masonry exterior wall such as solid brick, concrete blocks, or stone.

MASONRY and FIREPLACES—Chimneys and fireplaces are shown on our plans to suggest a practical location. We do not cut the openings in our homes for them. Our foundation plans show exactly how to proceed with the construction of your foundation. Be sure to get the foundation plan before you build your foundation. We do not furnish or quote on masonry materials, plaster bases, such as rock lath, or wall board.

FRIENDSHIP

The Friendship

At the left the photo illustrates the Friendship Plan No. 1 as shown on page 14 with carport and storage space for tools. We can supply the Plan No. 1 and Plan No. 3 with carport and tool space if requested. Send for detail specifications and price.

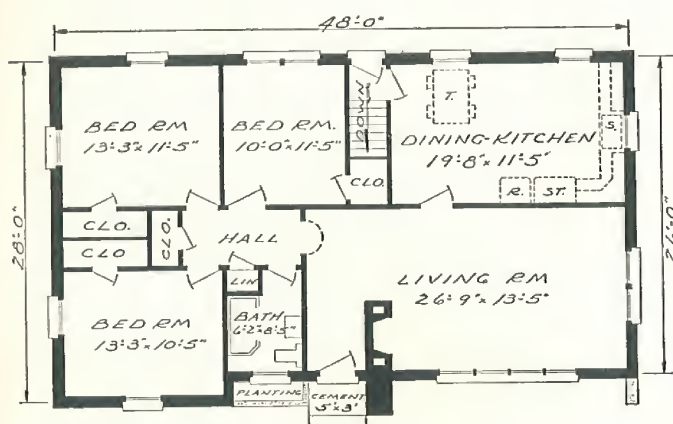

The Brentwood—One of ALADDIN'S Best —

THE
FREIGHT

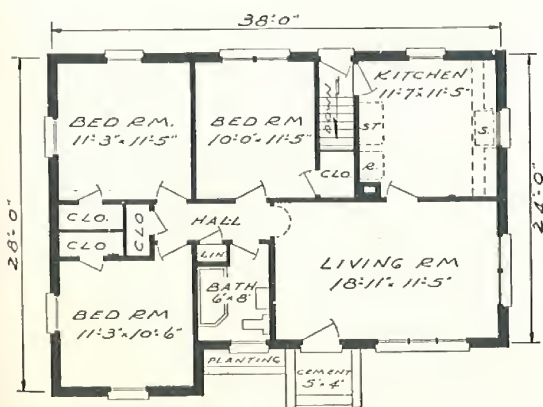

Approached from any side, here is a home of impressive beauty. Our designers were inspired by the inclination of present-day home builders for well-proportioned dignity—with simple embellishment. The gabled projection of the bedroom creates a pleasant break in both the front wall and the otherwise plainness of an unbroken roof. Note the main eaves at the front which afford protection to the front entrance door. And the living room is beautiful with an exceptionally large Scenic window. Four plans are shown, one of two bedrooms and two of three bedrooms, and one of four bedrooms. Note the expansive "Dining-Kitchen" the latest and very popular inclusion of these two important rooms in one. This Aladdin Home is shown in brick veneer and priced without siding; we will quote price for siding for the outside walls. See picture of Brentwood with siding on Page 47. Write for specifications.

BRENTWOOD No. 2

BRENTWOOD No. 4

BRENTWOOD No. 5

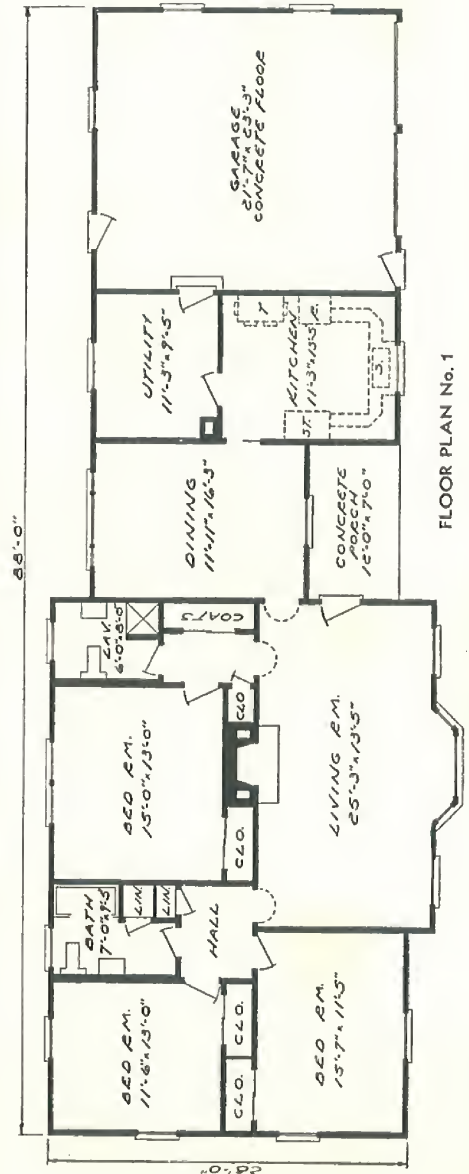

The Edison — A Joy To Live In

Aladdin offers here a bright new look in home design. Here is a design that offers year round comfort and convenience. In the efficient kitchen, you will feel fresher when the day's work is over. The colonial atmosphere adds life and new beauty to your home. It will retain its style and value for years to come. As an alternative to the floor plan, note the plan at the right. The kitchen is turned to the rear of the home and provides direct access to your utility room from the covered porch and from the garage to the kitchen. Write us for the specifications and further information on this lovely home.

The Ventura is one of our most popular Aladdin designs. It is Western in inspiration and offers the lately popular hip roof. Its broad chimney can be built now, or because of its location on the outside wall of the living room can be added later. Here in Plan One arrangement the living room is approximately 26 feet x 14 feet having an expansive Scenic window and ample

wall space. The kitchen-dining room, which is becoming extremely popular in most new designs, is approximately 20 feet x 12 feet. All plans of the Ventura have three large bedrooms. See page 28 for Plan Three having garage attached. Write us for specifications and further information.

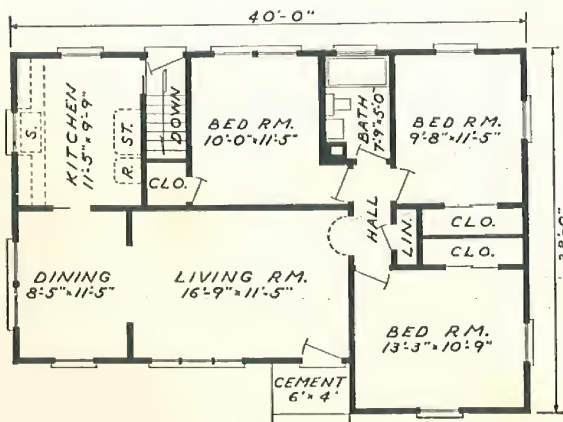

PLAN No. 1

ALTERNATE PLAN No. 1

ALTERNATE PLAN No. 1

PLAN No. 2

Shown above is an alternate plan for the Number One arrangement. In sketch above you will note there is a half bath—lavatory and toilet. This is available in Plan One and Plan Three arrangement only at a slight additional cost, and is accomplished by reducing the width of the kitchen-dining room approximately four feet. Write us for prices.

In this modern design, Aladdin has glamorized the exterior with the new charm of the herring-bone pattern in the front gables. The inclusion of the widely hailed "family room" permits you to enjoy more room and more comfort. The many requests for a central hall are answered in the Orlando—a hall which gives access to every room in the house. This is a step-saving arrangement for the entire family. Write us today for detail specifications and further information.

QUALITY LUMBER

SO EASY TO BUILD

Dear Sirs,

February 6, 1956

The Aladdin Co.

March 19, 1956

Dear Sirs:

We certainly are glad that we ordered an Aladdin Home after seeing the wonderful quality lumber and materials. Building our own home is a new experience and at first we questioned our ability to do it. After seeing the blueprints and how all the lumber is so clearly marked, we know we can.

It has been a pleasure dealing with your company. Thank you very much for your very fine service and consideration given our order. Sincerely yours,

C. A. J., Port Clinton, Ohio

I can't see why more people don't build readi-cut homes and especially Aladdin Homes. A person would have to be awfully incapable not to be able to build an Aladdin with the type of prints and instructions you send with them. We did all the work except the plumbing, wiring, heating, and plastering, and that amounted to quite a saving. If I ever build another home, it will be another Aladdin. Thanking you again, I remain

Very truly yours,
J. A. L., Appleton, Wisconsin

The Tulane—Modern Split Level—

Price Given
On Enclosed
Price List

WE PAY
THE
FREIGHT

Aladdin's new-est conception, in the modern split level home shown here, offers more than mere physical comfort. Well adaptable for a level lot as for a sloping one, extremely careful planning and diligent execution of these plans are truly evidenced in this noble design.

The suggested first level, a few steps down from the efficient kitchen, is only one possibility for this area. So that you can incorporate your own needs and desires into this design, we do not furnish any materials for the interior of this first level. The second level, which is ground level, contains the spacious living room, lovely dining room, well-planned kitchen, plus the convenience of the directly attached garage. The third level, separated from the living area by a few steps, includes three large bedrooms and bath. Detail specifications will be sent to you on request, giving you all the interesting facts about the Tulane. Write us.

SO WELL PLEASED

Dear Mr. Sovereign:

January 7, 1956

My wife and I can't praise the Aladdin Homes enough. It far surpassed all my expectations for quality and beauty. The lumber and materials were excellent, highest quality. The house is extremely tight, free of drafts, making heating of it economical. I will always be interested in Aladdin Homes. Very truly yours, M. J. McM., West Roxbury 32, Boston, Massachusetts

ALADDIN is the only Read-Cut manufacturer which cuts floor, roof, and wall sheathing to exact size and length for nailing on frame. This pre-cut and fitted lumber saves the builder many hours of labor.

The Ambassador — NEW AND SPARKLING —

Price Given

WE PAY
THE
FREIGHT

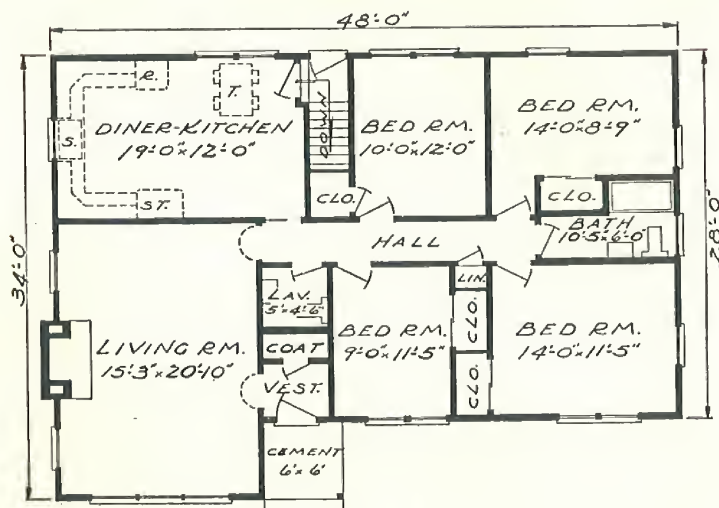

PLAN No. 1

Here's a house of "young ideas"—a house as smooth-looking as a jet plane! While it is designed for today's modern living it has such free, unhampered charm that it is likely to retain its youthful look far into the years. And structurally, you can get no better "old age" insurance for a house than the fine quality lumber Aladdin supplies. The Ambassador is not only a young house but a cheerful house as well. Its many windows can provide vistas of flower, shrub and lawn from practically any room. Notice especially the great living room triple window stretching almost across the whole front of the room. It's almost like sitting in an observation car. Then there are the possibilities of the fireplace which can be constructed if desired. Both the three and four bedroom plans shown here provide for dining. Closets are more than ample; bedrooms well-planned and spacious. Write for detail specifications.

READ WHAT ALADDIN'S GUARANTEE MEANS TO YOU

We started in business 50 years ago with the idea of providing low cost homes manufactured in our own mills from the finest obtainable materials. We have never deviated from this policy. The reputation we have built up for outstanding quality is our most precious asset. We intend at all times to maintain that reputation—to observe strictly the high standards home builders expect from us. That is why we can give the purchaser of an Aladdin house the most completely protective guarantee we know of. No one can offer you greater protection than we do when we say: "Satisfaction or Your Money Back."

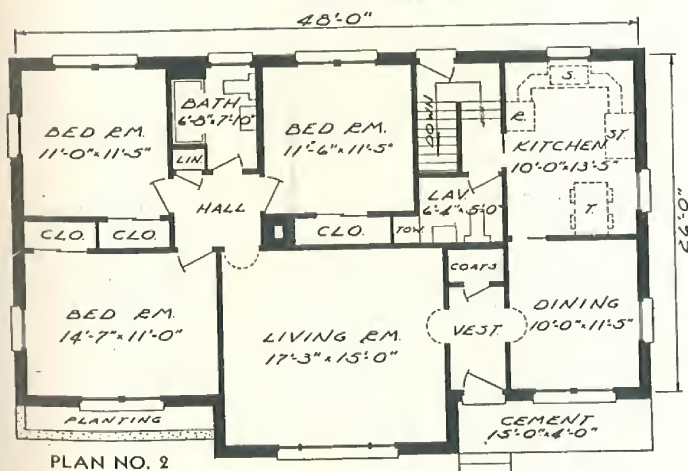

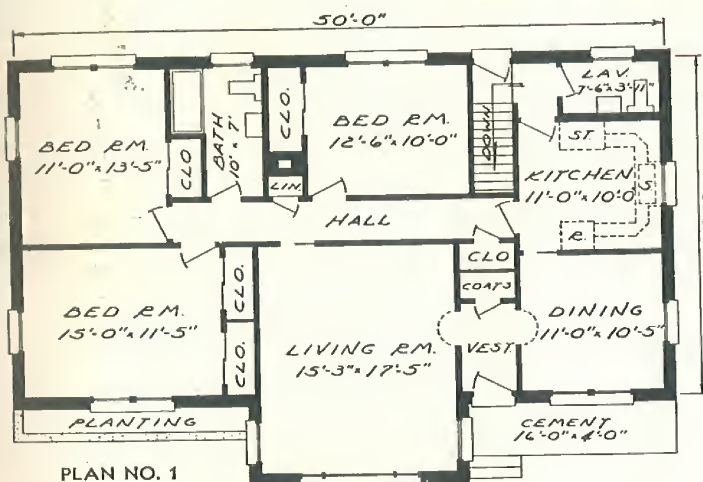

PLAN No. 4

The Wilshire—Neat and Trim Lines

Price Given
On Enclosed
Price List

WE PAY
THE
FREIGHT

Influenced by your many requests, Aladdin is proud to present the Wilshire, a modern beauty in brick. Equally attractive in siding, the Wilshire attains wide versatility. Both floor plans are proving extremely popular. In Plan No. 1 you have a central hall connecting all parts of the home. Each bedroom closet in both plans is equipped with by-passing sliding doors for greater utilization of space. In Plan 2 the cellar stair well and extra lavatory can easily be converted into a utility room for those who wish to build without a basement. In either plan, if you prefer the ever popular dining-kitchen arrangement, making these two important rooms into one large room, write us, as we can omit the partition between the kitchen and dining room in either plan. The Wilshire home is shown in brick veneer for the main side walls. If you prefer siding or Cedar Shake shingles, write us for prices and specifications.

PLANS SO COMPLETE

Dear Sirs:

January 24, 1956

We have had many people asking about the house and just can't seem to tell them enough.

There are other pre-cut homes around here but none to compare with Aladdin. Most of the people who have bought these homes have been sorry because they get very poor wood and worst of all, the plans and instructions are not complete enough and unless you have some knowledge of building a house, you're out of luck.

We looked through your new catalog but we still think the "Flamingo" is the best. Thanks again. Sincerely,

H. and T. M., Jr., Erlton, New Jersey

Lovely to look at. Lovely to live in—that's the "new look" expressed in this charming home. A study of the above photograph is really necessary to fully appreciate its originality in form and entrancing detail. Of especial interest is the contrasting treatment of the outside walls. The vertical boarding in the gables, matching the walls below the window line, with either wide

siding or large Cedar Shingles, whose lines run horizontally, bespeaks rhythmic contrast. Note the hooded entrance and beautifully designed Scenic window, which completes a scene of fascinating beauty. Both plans are designed to give efficient and convenient floor space. Write us for specifications and further information.

PLAN No. 1

UNDER ROOF IN 10 DAYS

Dear Sirs: September 28, 1956

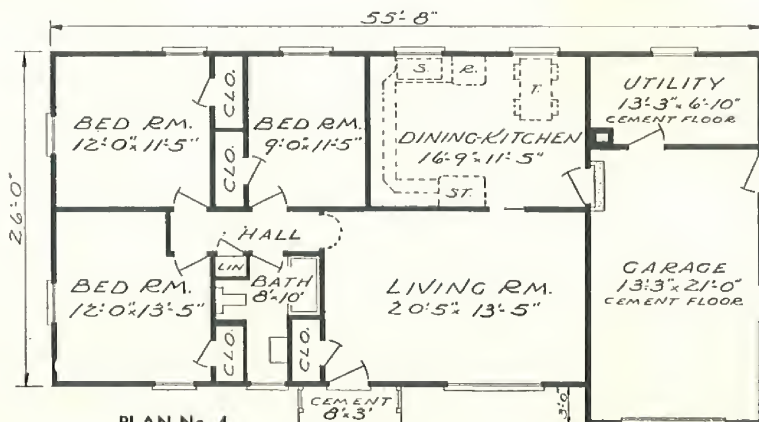

I am taking time out to write a few lines about the fine material received in the home we received from the Aladdin Company.

The construction was so easy and everything fit fine. The house was under roof in ten days. There were three men working on construction of the house. My brother, father-in-law, and myself. My wife even helped.

The blueprints, so easy to read and follow, there was no trouble in the construction of the house. Should have written sooner but have been in a hurry getting the house completed.

Everyone who saw the material said what nice material it was. That sure made me feel proud of my Aladdin Home. Sure glad now I chose an Aladdin Read-cut Home. Yours truly, C. E. M., Woodsfield, Ohio

There is more pleasure and satisfaction in building and owning a small home than living in a rented one. "Rent money never comes back." What work you have done has been for yourself and not for a landlord. Our designers have taken a simple square plan and embellished it with a distinctive entrance porch, well-proportioned to its over-all size. Shutters are supplied to help the decorative window scheme. The extreme simplicity of design as pictured above assures great ease and rapidity of construction. An original design of front porch with supporting columns enhances the excellent proportions of the structure. The Highwood is shown below in two sizes. Both plans incorporate exceptionally large rooms for the over-all size. If this lovely little home interests you, write us and you will receive detail specifications by return mail.

The exterior details of this home constitute a happy combination of originality and balance. The front projecting roof lends greater apparent depth and offers protection to the front entrance. The supporting columns are distinctly original to this plan. Full length window blinds edge windows at front and right hand side, also the front door. A scenic window is shown in end wall of the Plan 2 living room. This window can be substituted for either living room windows in the Plan 1 at a small charge. All windows in this home will be furnished with small divided lights in both upper and lower sash unless otherwise requested. The Yorktown is proving to be extremely popular with many Aladdin customers. Specifications will be sent to you on request.

QUALITY IS REMEMBERED

LONG AFTER PRICE IS FORGOTTEN

All exposed lumber both inside and out in every Aladdin house is clear and free from knots or other defects—and is kiln dried.

The framing lumber (dimension) and sheathing is free from any defects that might impair its strength and is thoroughly Dried and Seasoned.

SAVED ALL LABOR COST

Dear Sir:

I have done most of the work myself on our Aladdin to save labor cost. And your blueprints and marked pieces sure saves time. We would not have had our home if we would have sawed the lumber ourselves. Sincerely,

Mr. M. D. M., New Paris, Indiana

Here is the Vinewood plan. Aladdin designers have captured the Colonial charm and simplicity while bringing it up to date with such interesting features as big scenic window, projecting and gabled front entrance and contrasting Cedar Shakes for the outside walls of the latter. Each of the two interior plan arrangements have been popular over a period of years, along with a different exterior. Plan No. 1 has two bedrooms with combination dining space and sun room. Plan No. 2 affords three bedrooms to accommodate a larger family. If either of these two plans meets your family needs you will be the happy possessor of a charming home.

PLAN No. 1

PLAN No. 2

A REWARDING EXPERIENCE

Dear Mr. Sovereign: We are happy with our Vinewood #2 home. For a young couple wanting to build, it was a rewarding experience, for we had had no previous building experience. You not only save money, but also have a sense of accomplishment and contentment. Cordially yours,

M. S. H., Cedarburg, Wisconsin

PLANS SIMPLE TO FOLLOW

Dear Sirs: We are very happy with our new Aladdin home as well as amazed at the ease of building it. Plans are simple to follow. Plenty of the best quality lumber. Were I to sell, I could get a price that would pay me well for the labor involved. Sincerely,

E. G. P., Bennington, Vermont

WE PAY THE FREIGHT

SCENIC WINDOWS

Because the term "Scenic" more properly describes their function than "Picture" windows, we have adopted the former term. A "Picture" window gives a mental picture of being on the outside of the home looking in. But a "Scenic" window reveals a view from the inside, looking out. A "Scenic window" brings the outdoors in as part of your home and makes the whole world, for as far as you can see, an attractive scene from your new home. The picture at the left illustrates the beauties made possible when your home is embellished with Aladdin Scenic windows. Also see Page 46.

SELECTING YOUR COLOR SCHEME

It is usual first, to select your favorite primary color,—red, yellow, or blue, or one of its many shades, and combine the general scheme with either adjacent or contrasting colors.

An established practice is to utilize your main room color in an amount of about 50%, your secondary color or tint to the extent of 30%, and the balance of the decoration 20%.

To illustrate we will take the three friendly, or adjacent colors, yellow 50%, yellow-green 30%, and green 20%. Your base color will be chosen for painted walls or wall paper 50%; carpet and upholstery, secondary color 30%; curtains, lamp shades, etc., the last or 20%. Save the brightest colors for your accessories.

Of course it is not meant to suggest that each or all of these colors shall necessarily be solid. The background of figured materials should influence the whole.

FASHION IN COLOR

Aladdin's Catalog illustrates the new and changing demand for sparkling color treatment for the outside walls and trim. Too long has been the tendency to apply an uninteresting, drab treatment—white without contrasting trim, or one of a variety of drab shades. The new fashion is the result of color artists applying their skill and knowledge to this subject. Warm, rich, glowing colors have been developed in many new tints and shades. These will be available to you in Aladdin's newest color card.

HOW THE ALADDIN READI-CUT SYSTEM SAVES YOU MONEY BY GETTING 20 FT. OF LUMBER FROM A 16 FT. BOARD

An Aladdin Redi-cut Home saves you from twenty to thirty percent in your labor bill because the carpenter does not have to spend his time working out the construction details, and cut all the lumber by hand. Our complete drawings give him construction details that have been proven the best for a period of over fifty years.

TO CUT THE SHEATHING FOR THIS GABLE:

THE CARPENTER USUALLY TAKES AN EIGHT-FOOT BOARD, A SIX-FOOT BOARD, A FOUR-FOOT BOARD AND A TWO-FOOT BOARD AND CUTS THEM THIS WAY:

THE CARPENTER REQUIRES TWENTY FEET OF LUMBER FOR THE JOB.

ALADDIN TAKES A SIXTEEN-FOOT BOARD, CUTS IT THIS WAY, AND GETS TWENTY FEET OF LUMBER AT THE COST OF SIXTEEN FEET—AND YOU GET THE SAVING.

REMEMBER THE LUMBER THAT'S WASTED COSTS JUST AS MUCH AS THE LUMBER THAT'S USED. ALADDIN SAVES 18% LUMBER WASTE.

Efficient Planning Saves Your Money

Waste can and does influence the cost of everything you buy. This is especially true of home building.

Waste consumes your dollars and gives nothing in return. Aladdin proves to you that the Redi-cut System will save about \$18 out of each \$100 on your lumber costs.

Aladdin proves to you that the Redi-cut System will save you about \$30 out of each \$100 labor cost. A study of the above drawing will give you a very clear understanding of the amazing economies of the Aladdin Redi-cut System and what it means to you in dollar saving.

ALADDIN System Gives Control Over Your Costs

Why shouldn't you save these profits, like thousands of other home-builders have been doing through The Aladdin Company for over fifty years?

You KNOW in advance what the materials for your house will cost you. You KNOW there will be no shortage of materials—nothing forgotten. You KNOW you will not be paying for more materials than will be used and that you will save the price of all "short ends" that are wasted by the old system.

You KNOW you will receive high grade lumber, millwork, hardware—Aladdin CERTIFIED materials. You KNOW everything will be on hand when you want it—all in one shipment and all guaranteed by Aladdin. And you KNOW in advance what your house will look like and what it will be in every way.

KNOWING gives you control—mastery of your money, of materials, of labor and of RESULTS.

Quick Shipment

We can ship any regular home in this catalog within ten days to two weeks after we receive your order. The average time required for delivery after leaving the factory is from three to five days. We prefer to be given a little more time if convenient to you. All homes are shipped complete at one time in a sealed box car from our mill. Before you start your foundation send a deposit of \$5.00 for a plan and instructions for laying out your foundation. Tell us if you will build the house as shown in catalog or in reverse.

ALADDIN Service

You receive a scientifically designed home; a scientifically manufactured home; the benefit of buying power, thousands of times greater than your own. You receive the safeguards of our experience. You are guarded against costly extras. You have our help in keeping costs down. You save many days' time. You save costly waste. You receive everything complete for your home in one shipment. You know exactly what your house will look like when completed. You save all architectural fees. You are assured prompt shipment and quick erection. You receive a bona-fide guarantee of complete satisfaction.

WASTE! WASTE!

The above actual photograph shows the extravagant waste of good lumber. The 2x6 rafters projecting over the walls will have to be sawed off to have a one foot projection for eaves. The builder will have wasted and thrown in the scrap pile 160 board feet of good lumber, for the rafters alone, worth at retail at least \$20.00.

**ALADDIN READI-CUT
SYSTEM SAVES
18% WASTE**

Optional Materials and Equipment

SCENIC WINDOWS Scenic windows illustrated below are practical and attractive. They bring the outdoors in as part of your home and make the whole world, for as far as you can see, an attractive scene from your new home. Style No. 11 has a stationary center and sliding sash on each side, allowing ventilation. Style 11 is illustrated for the Royton on page 62. Style No. 8 is supplied in one size only—7' 0" x 6' 0". Scenic window No. 10 is approximately 9' 6" x 6' 0". It is illustrated on page 63. It is divided into twelve lights. We also furnish this same type of window, the Style No. 9, which is 7' x 6' and is illustrated on page 5. Scenic windows No. 9 and No. 10 are shipped knocked down for easy handling, and are cut and machined, ready to assemble. In No. 9 and No. 10 each glass is 28" x 24". Write for prices on window changes. These windows are included where shown in plans or illustrations.

SCENIC WINDOW STYLE 11

SCENIC WINDOW STYLE 8

SCENIC WINDOW STYLE 10

SHINGLES Instead of wood siding for the outside walls we can furnish artistic shake shingles of long-lived red cedar grooved and etched to resemble the antique shakes as illustrated on page 12 and also on page 68. The shingles are laid at a wide exposure with a double thickness at the butt. You have your choice of either siding or these shingles at no difference in price. Shingles come in wide range of attractive colors. Send for color folder.

ARCHES We include in the price for each home square cased openings or materials to build a curved plastered arch where arch openings are shown in the floor plan. We will furnish either type with your home. If you use dry wall for the interior, such as plaster board or wall board, we will furnish square cased arches as the curved arches can be used only when you plaster the interior. Specify the kind you want.

CELLAR WINDOWS We can furnish a complete cellar window unit already assembled with hardware in place, including glazed sash and the cellar window screen, for either a 2 block high opening or a 3 block high opening. For either cellar window leave the foundation wall opening 32 $\frac{3}{8}$ " wide. It is not necessary that the windows be shipped before the house as they can easily be set in the foundation wall when your materials arrive. Write for prices.

OAK FLOORING "Select" oak flooring can be furnished in any or all rooms of any Aladdin home. If wanted, write us for prices and state in what rooms you wish to use oak flooring.

KITCHEN CABINETS Kitchen cabinets can be furnished in accordance with catalog floor plan layouts. These kitchen cabinets are made of choice hardwood and are shipped to you direct. They are complete—fully enameled (white) outside and inside, or if you prefer natural finish, we can quote on a natural Birch cabinet. Doors are hung, friction catches applied, door and drawers prepared for pulls. These cabinets are finished in mar-resisting, high lustre white enamel or varnished natural. See page 72. Write for prices.

INSULATION Rock wool insulation 2" thick can be furnished for the sidewalls, and also 3 $\frac{3}{4}$ " thick for the ceiling between the ceiling joists at small additional cost. This insulation comes made up in batts and is moisture and fire resistant, and has a heavy vapor barrier paper backing. Write for descriptive folder and prices.

FOLDING STAIRWAY Where no attic stairway is shown in the floor plan, in most cases it is possible to install a folding stairway to the attic, usually in the ceiling of the hall. Write for prices and information on our stairway.

**THE ABOVE ITEMS
ARE FOR SHIPMENT ONLY WITH YOUR HOUSE**

ALADDIN READI-CUT GARAGES

STANDARD No. 5—12' x 22'
STANDARD No. 6—20' x 22'

SUBURBAN No. 5—12' x 22'
SUBURBAN No. 6—20' x 22'
SUBURBAN No. 7—16' x 22'

GARAGES Our garages are manufactured in three sizes only—12' x 22' for one car, 20' x 22' for two cars, and then we have a combination storage and one-car garage 16' x 22', which is commonly known as the car and one-half garage. You have available space for work bench, garden tools, etc. of approximately 4' x 22'. You will find this space very useful in your garage. Garages are priced in double construction, that is, with 2 x 4" studding, wall sheathing, building paper and siding or shake shingles to match the exterior of your home. We furnish the complete materials except the concrete slab floor. In the 16' x 22' garage we provide an inswing casement window at the front of the storage portion with flower box, which adds to the attractiveness of the garage. Overhead garage doors are provided. Write for Detail Specifications for our garages. **We do not sell garages separately.** We ship only with Aladdin House orders.

"DO IT YOURSELF"

The recent tremendous public interest in the "Do It Yourself" movement is added, and is a complete endorsement, of Aladdin's "Build Your Own Home" plan—which was first offered to the public over 50 years ago. The Aladdin Readi-cut System saved home builders from 30% up, when carpenters worked for 25c an hour in 1906. Today it saves 30% of the \$2.75 an hour carpenters are currently receiving. "Can I do it myself?" you may ask yourself. Read the answers to this question from a few of the thousands of Aladdin customers who have built their own homes at savings of hundreds and thousands of dollars. Letters are printed on the several pages in this plan book. Complete name and address furnished on request.

THE BRENTWOOD

In order to give you an idea of the attractiveness of the Brentwood in siding, we show a photograph of it with this particular exterior treatment. The Brentwood is regularly priced for a brick veneer exterior but we will gladly quote on furnishing siding, giving you an exterior as illustrated at the right. Write us for prices on the siding. See page 29.

BRENTWOOD—Shown with Siding Exterior

BUILD IT YOURSELF

WE PAY THE FREIGHT

PAY YOURSELF THOSE HIGH WAGES

Every hour you can put in on the construction of your Aladdin home means a saving to you of from \$2.00 to \$3.00 per hour on its cost. That means a **SAVING** of from \$15.00 to \$18.00 for every day you work on it! **** Depending on the size of the house, the carpenter work sums up to from three hundred hours to twelve hundred hours. **WITH MOST OF THE SKILLED LABOR ALREADY PERFORMED**, when you receive your Aladdin Read-Cut, what an opportunity you have to bring down the cost of your new home to practically a pre-war level. Our drawings and instructions cover everything from the foundation up, so you can save any part, or even all labor costs.

SHOWING SAVINGS IN LABOR BY THE READI-CUT SYSTEM

The picture at the left shows how the lumber in your Aladdin house will be cut to fit in our mill and ready to nail in place when you receive it. Figure 1 shows jack rafters with the mitre and bevel at upper end. Figure 2 shows mitre on end of roof sheathing. Figure 3 shows "heel" cut on rafters. Figure 4 shows mitre cut on end of ceiling joists. Figure 5 shows mitre on end of rafters. Figure 6 shows mitre on joists bridging. Wall plates, joists header, floor joists, wall sheathing, wall and partition studding and sub-floor materials are also accurately cut to proper sizes and lengths, each piece also marked for length. An Aladdin Read-Cut house is identical in **DESIGN. CONSTRUCTION AND MATERIALS** to the best architect planned and contractor built home. The Aladdin Company's sound business principles, integrity and fair dealing for over fifty years are your safeguard.

LUMBER MUST BE DRY

No house is well built unless all lumber is dry. Dry lumber is best because: It is pre-shrunk—prevents shrinking later; superior in nail-holding qualities; more resistant to decay; stronger and stiffer. Aladdin gets "The Pick of the TREES."

All Aladdin lumber is thoroughly dry before being shipped to you. We guarantee complete satisfaction or your money back.

ALADDIN HOUSES ARE NOT "PREFABRICATED"

Bristol Under Construction

Below we show the Bristol under construction. We illustrate the first steps in framing the house, the studding for the outside walls and partitions having been nailed up.

Aladdin's Years of Service

The Aladdin Company initiated the Modular Principle of house design over 50 years ago.

Initiated the Factory Pre-cut System over 50 years ago.

Initiated the "Packaged" Sales Plan over 50 years ago (one price for all materials).

Initiated the Merchandising Plan of Direct Sales by the manufacturer to the home builder over 50 years ago.

Initiated the Plan of Supplying only the very highest grades of lumber and all other building materials over 50 years ago.

Initiated the Practice of Unconditional Guarantees of complete satisfaction to ALL Aladdin Home Builders over 50 years ago.

SAVE MONEY

Aladdin Know-How will save you TIME AND MONEY

When you send your order for an Aladdin House, the one purchase eliminates the complicated problem of your trying to figure out the number of pounds of each of the ten different sizes of nails used in the construction of a house. Also number of feet of 2x10's, 2x8's, 2x6's, 2x4's, 2x3's and 2x2's needed to frame the house. How many feet of sheathing needed for sub-floor, walls and roof. How much siding, finish flooring, rolls of building paper, and squares of shingles for the roof. How many doors and windows of various sizes, gallons of paint, stain, varnish and turpentine. In fact, there are dozens of other items to think about, such as base mould, base shoe, closet shelving, matched ceiling for under eaves, cellar stairs, lock sets, hinges, sash lifts, door bumpers, etc., unless you buy and build the modern way, The Aladdin Readi-Cut Way. Then there is only one purchase that brings you all these materials in the proper amounts and guaranteed to complete your home. NO WASTE, NO OVER-BUYING ON SOME MATERIALS AND UNDER-BUYING ON OTHERS. OUR "KNOW HOW" WILL SAVE YOU MONEY, TIME AND WORRY.

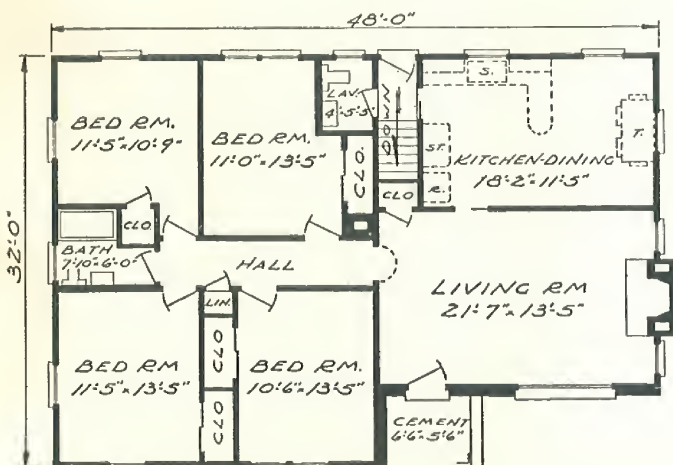

The Groveland—Refreshingly Modern

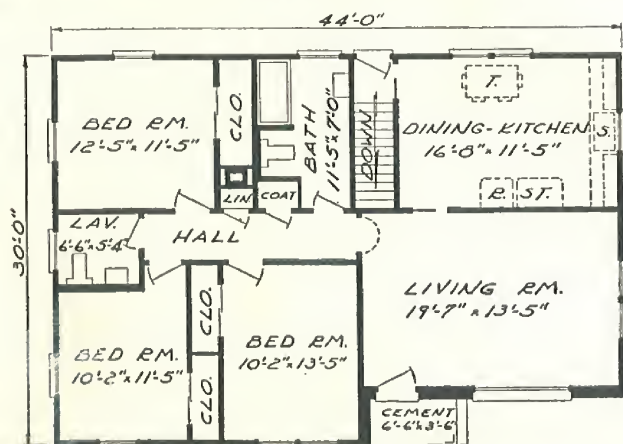

Price Given

WE PAY
THE
FREIGHT

Aladdin is proud of this exquisitely beautiful and refreshingly modern home. Here is another instance where our architects have been able to achieve a most interesting and varied design from a simple square plan. The main roof serves to shelter the front entrance and is supported by a striking metal porch column. The picture above merits a thorough study of its many engaging features. Contrast is achieved in the outside elevation by using stone fronting, with shake shingles for the main body walls and bevel siding for the gables. If you prefer to use stone or masonry materials as illustrated, write us for allowance for siding and paint for that portion of the front wall. Take a moment to study the plans shown here, and you will realize that this modern home is extremely livable and spacious. Write us for detail information and complete specifications.

PLAN No. 1

PLAN NO. 3

**YOU CAN ADD MASONRY
EMBELLISHMENTS TO YOUR NEW
ALADDIN HOME**

You will note that the illustrations of many Aladdin Homes include an attractive bit of stone or brick work. Part of these designs show this masonry as an actual detail of the house itself. Others are quite separate and are planned to create decorative and colorful harmony.

WE PAY
THE
FREIGHT

Fascinating contrasts are illustrated in the choice of exterior materials for this fine home. The outside wall material used is our heavy double laminated shake shingles. The courses below the shakes have been chosen from our beautiful clear siding, while the front projecting roof and entrance are embellished by pure white perpendicular clear boards. The whole interesting picture is completed by installing scrolled iron columns. Two arrangements of "design for living" are shown at the left. You will notice that in each plan the garage is inconspicuous but completes a harmonious design. The Cambridge is one of Aladdin's best creations and has already drawn many compliments from those who have seen it built. At your request we will furnish further details and of course complete specifications.

COMPLETE IN 14 WEEKS

Dear Sirs:

September 20, 1956

Just a short note to say we have moved in and we really like our Inglewood fine. We moved in Labor Day week end. It took us just 14 weeks to complete it just by working a few hours every evening. Thanks again for helping us on our way to owning our own home. Sincerely,

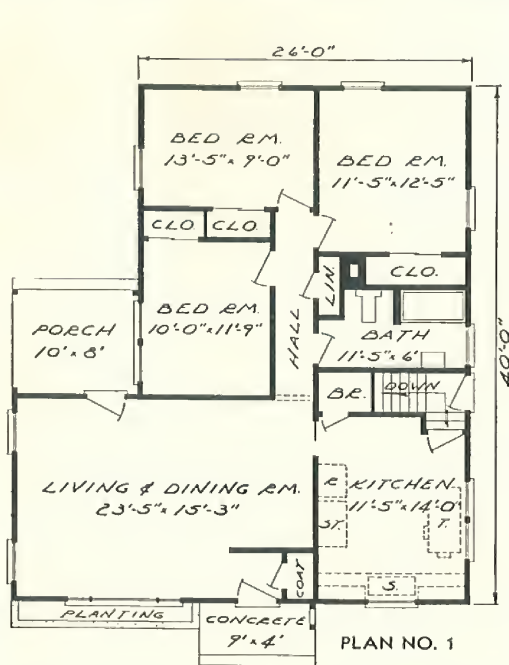

D. C., Greenfield, Indiana

The Newport—An Original and Arresting Design—

Price Given
On Enclosed
Price List

WE PAY
THE
FREIGHT

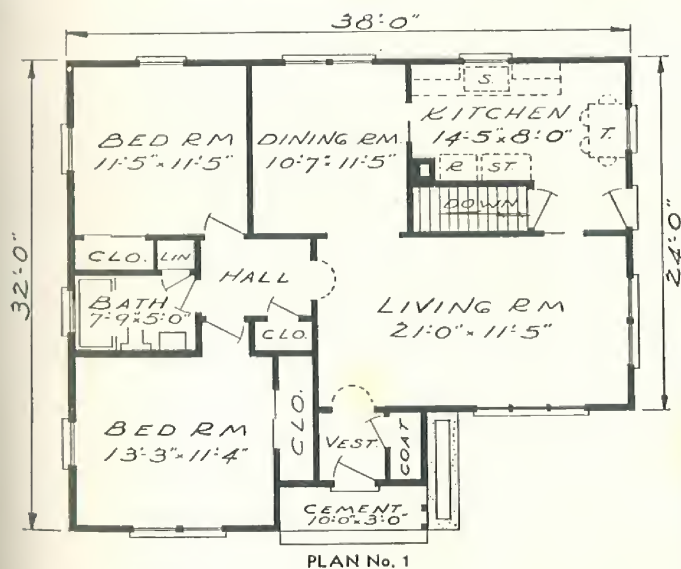

As new, as fresh, and as lovely as tomorrow's colorful sunrise, the Newport is a shining example of all that is good in a modern and modest home. The usual severity of a plain roof is broken by the slight offset at the right. The porch roof, with ornamental iron columns, blends perfectly and protectively into the whole structure, while the Scenic window is well-proportioned and attractive. Note the left elevation where you find the Vertical Boarding in the gable offering contrast to the usual siding by separation at the ceiling line with dentils. The projecting mullion window completes the picture of originality and charm. In Plan One we offer a three bedroom arrangement. Some builders of Plan One arrangement omit the partition between living room and dining room, creating the increasingly popular living-dining room. In Plan Six the two bedroom arrangement can be converted into a four bedroom home by completing the now unfinished attic. Our price, as quoted, includes the stairway and enough sub-floor for the attic to cover a space 38 feet x 14 feet, through the center. We will be glad to quote you on the materials necessary to complete the suggested attic plan as shown at the right. Write us for prices.

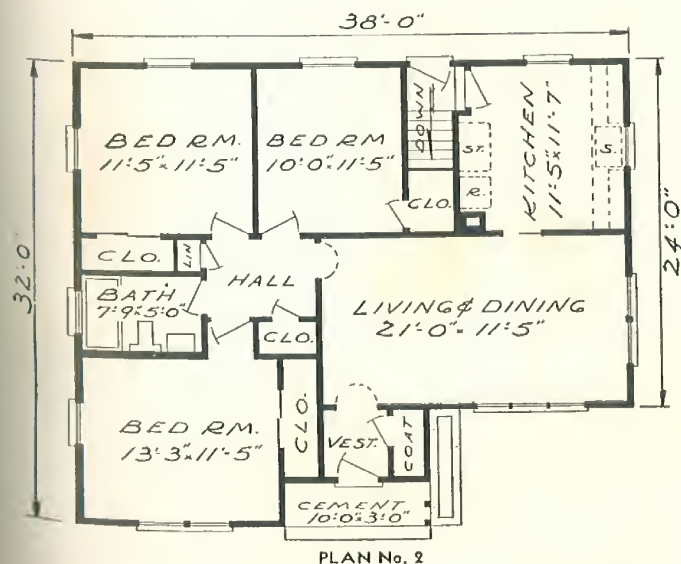

Suggested Attic Rooms for Plan No. 6

The Manhasset — NOTEWORTHY FOR ITS LARGE ROOMS — Price Given On Enclosed Price List WE PAY THE FREIGHT

Architecturally, the Manhasset is thoroughly modern and splendidly proportioned in every detail. You will observe that this Aladdin is distinguished for its larger than usual rooms. The living room, bedrooms and kitchen all have well placed windows affording cross-ventilation. Covered entrance opens into vestibule with coat closet and arched opening to living room of both plans. Bedrooms and bath are separated from living room by a convenient hall, with extra closet. Generous wall space in the living room is accomplished by placing a high mullion case window at the end. Five and six closets offer good storage facilities. Two plans are shown here, one with two bedrooms and one with three bedrooms. Detail specifications will be sent you on request.

BUILD YOUR OWN HOME

ALADDIN SPECIFICATIONS

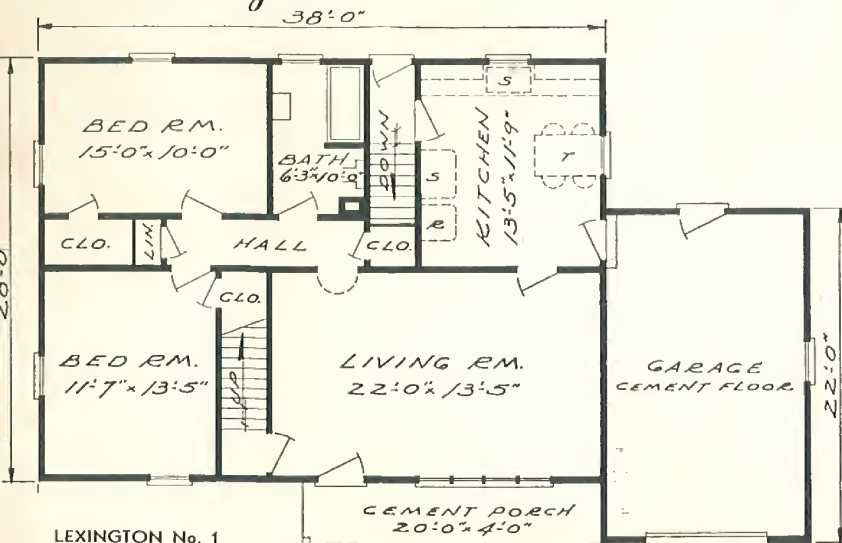

A study of Aladdin specifications will reward you with the knowledge that nowhere can be found quality to exceed that which is a part of Aladdin Houses. Finer materials cannot be had for we have used the greatest care to seek out and use the very best. Write for detail specifications of the home of your choice and learn how Aladdin furnishes complete materials down to the minutest detail.

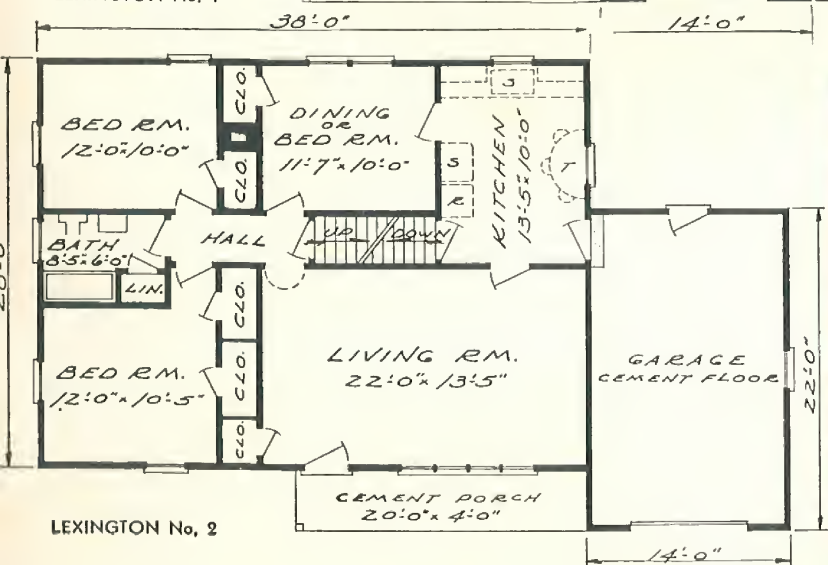

The Lexington — Adapted from Colonial Times —

Price Given

WE PAY
THE
FREIGHT

The Bristol is embellished with two typical Colonial features—the front entrance and the bay window at the side. Fluted pilasters bordering each side of the front door are topped by head casings designed with dentils. The Bristol has proven very popular and has received loud praises of its beauty, convenience, and economy from those who have built them. We show a suggested arrangement for attic rooms in Plan D. Prices quoted for Plan D and Plan C include stairway to second floor and subflooring only. We do not provide any other materials to finish off the attic but we will be glad to quote you if you wish to finish off your attic. Write us for detail specifications.

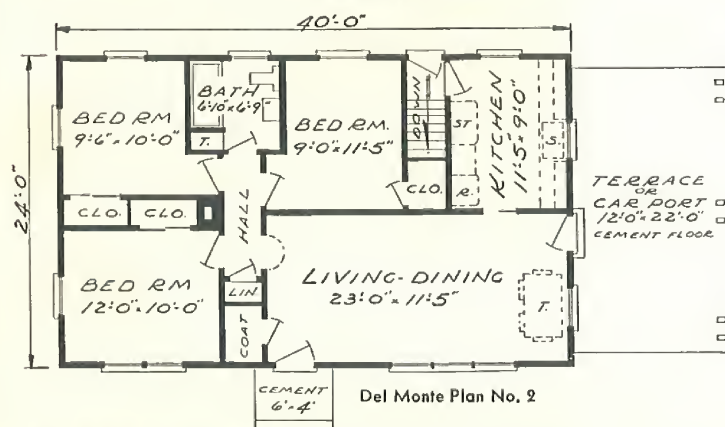

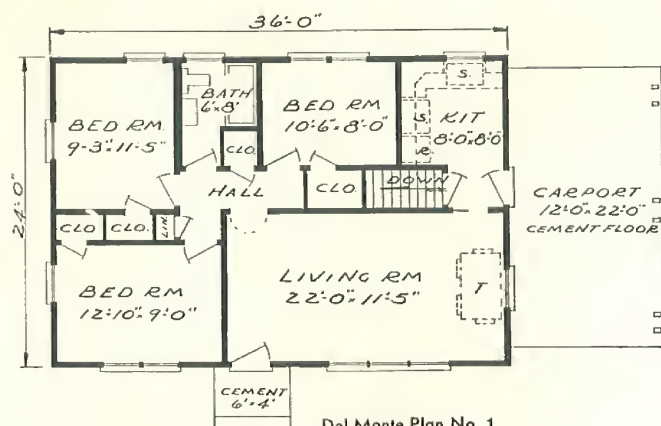

The Del Monte — Modest But Charming —

Price Given
On Enclosed
Price List

WE PAY
THE
FREIGHT

This plan expresses sincerity of "design for living" and avoids extremist concepts lately seen in ultra modern "shed-roof" creations. The structure of the Del Monte is splendidly proportioned, sound in exterior detail and contrasting surfaces. Wide, strong eaves, lower than usual roof pitch, and distinctive perpendicular redwood wall surfaces are distinguishing characteristics. Note the triple scenic window has center sash that may be opened. The carport, if ordered with

the Del Monte, can easily be converted into additional rooms in the future, by enclosing the three walls. Two, three-bedroom plans are shown at the left. Room arrangements are convenient and efficient. Few living-dining rooms will be found more spacious. The Del Monte plans shown are quoted without carport.

DID YOU KNOW

That a gallon of water must be removed from a single floor joist for the ordinary sized room before it is properly ready for the final manufacturing operation. Lumber as it comes from the tree is literally saturated with water. The process of removing the excess water is known as seasoning. It may be done by air-drying over a long period of time, or by kiln-drying. We use "only thoroughly dry lumber," assuring you that the moisture is removed and no shrinking will take place causing cracks in plaster and opening of joints.

WE PAY
THE
FREIGHT

The Denver

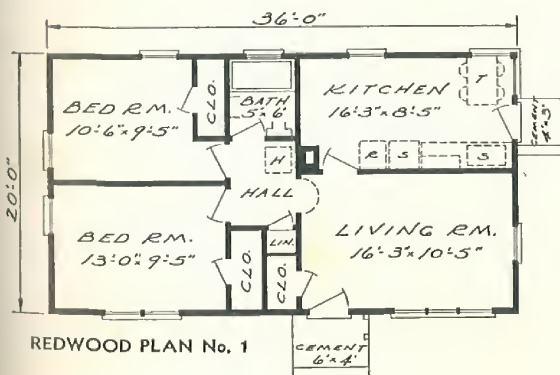

The Denver presents a truly inspired picture, with its lavish setting, unusual roof lines, and sturdiness in the western ranch mode. This home can be yours. The ever-popular hiproof is augmented by the segmenting of the roof surface. The stateliness of the walls is evidenced by the lack of ornamentation. Superb dignity is made available to you in this new and different design. Examine the floor plans carefully. You will find that your every need has been anticipated. The wide scenic window opens new fields for your comfort, and the optional fireplace will add warmth and coziness to your living room. The large bedrooms are connected by a central hall to the lovely living room wing. In plan No. 1, we show for your consideration, the separate dining room, a feature that has weathered all the assaults of modernity. The close proximity of the kitchen and bath helps to economize on your plumbing, thereby affording you the opportunity of additional savings. The opening from the kitchen to the central hall eliminates that traffic thru the living room—an item most wanted in the new home. In plan No. 2, the newly popular dining-kitchen gives you, the homemaker, greater efficiency as well as beauty and convenience beyond measure. Aptly designed in plan No. 2 is the small lavatory opposite the kitchen-dining room. The vestibule, which is complete with roomy guest closet, gives you an added measure of elegance. Write us for further specifications. Write us today.

IMPORTANT—THE NAME AND COMPLETE ADDRESS OF ANY LETTERS SHOWN IN THIS BOOKLET WILL BE GIVEN ON REQUEST

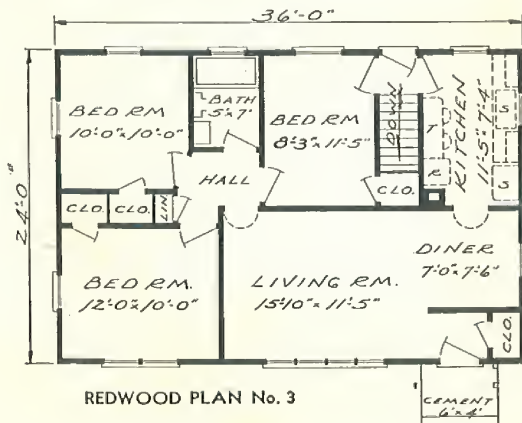

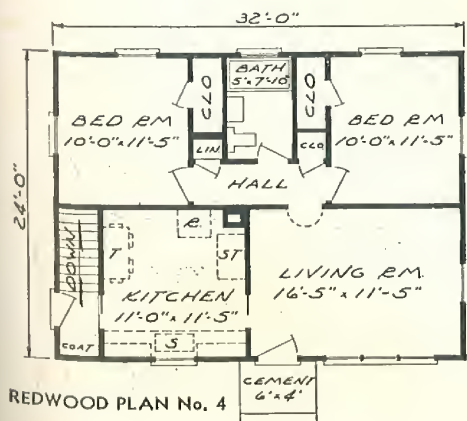

The Redwood — As New, Modern and Fresh as Tomorrow's Sunrise

If you made a trip through New England these days, you would discover the increasing popularity of the old time decorative schemes for both new and old houses—the dark red body paint with pure white trim. Thus we show the Redwood above. Of course you may have any colors that you prefer. All three plans here are adaptable for narrow lots, or the house may be placed fronting the long way. Large Scenic window is incorporated in each plan and the horizontal siding and vertical boarding lends an interesting contrast. Write for detail specifications. Prices on enclosed price list. We pay the freight.

ALADDIN'S MATCHLESS GUARANTEE

What Induces Us to Supply Such Matchless Quality? Aladdin believes the modest home merits the same goodness as the mansion. We have nailed Aladdin quality on the highest attainable pinnacle and have kept it there. While these are excellent reasons for the careful, thinking home buyer, the real undebatable reason is summed up in the goodness, soundness and the thoroughness of the quality of Aladdin Houses. ever popular sweeping gables do much to enhance its beauty, the front projection offering protection to the entrance. Extra wide Scenic windows face both the terrace and garden at rear of living room. In our price for the Rio Grande we have included siding where stone is shown in the front wall. If you plan to use stone as illustrated, write us for allowance for siding and paint for that portion of the front wall.

PLAN NO. 2

PLAN NO. 4

Cost \$16,000
Appraised at \$25,000

Gentlemen: September 21, 1956

We moved into the house just six months from the time we started it and have been working on the interior in our spare time ever since.

With the exception of digging the basement, the plumbing, and the heating, this house was built completely as a family project. My father-in-law spent the full six months and my brother, father, myself, and wife spent what free time we had to help him.

To date we have spent about \$16,000 and the day we moved in the loan company put a value of about \$25,000 on it. Even though it was hard work we enjoyed building this house and look forward to many years of comfortable living. Yours truly,

D. R. D., Des Moines, Iowa

PLAN NO. 1

PLAN NO. 2

Aladdin designers have created this charming home for those who appreciate the best in modern design. Notice the effective contrast achieved by use of vertical boarding at front of living room; also the projecting roof supported by the popular ornamental column—a most desirable feature to protect the entranceway. Two interesting plans are shown here, both designed to be equally attractive whether constructed the narrow or long way facing the street. Write today for detail specifications on this fine home.

EVERYTHING FIT PERFECT

Dear Mr. Sovereign:

August 29, 1956

Our house is under roof now. We just finished putting in all the windows. My husband and his brother have done all the work so far and plan on doing the rest except for the furnace and plastering. We were very pleased with the lumber and every piece has fit perfectly so far. A lot of people have stopped to look at our house and every one likes it. Sincerely yours,

Mrs. C. W., Navarre, Ohio

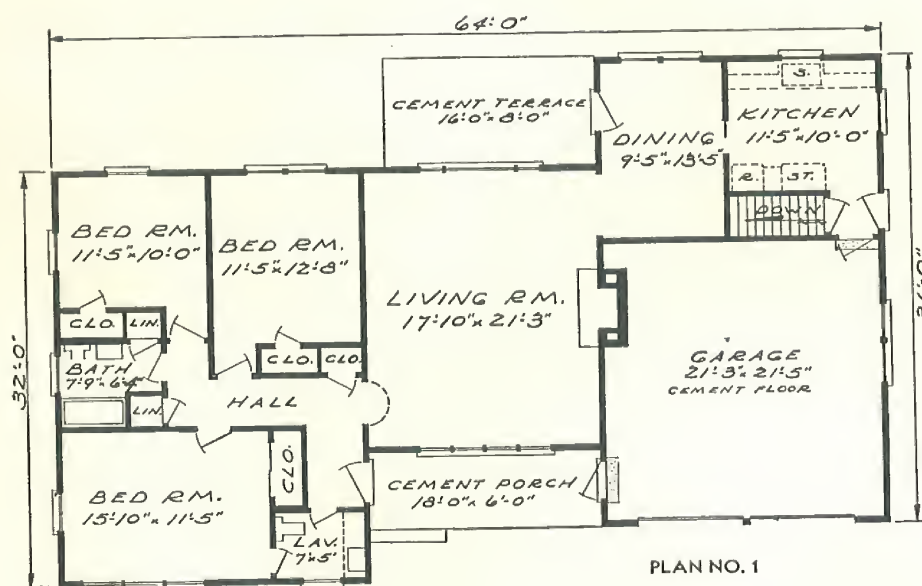

You save when you build the **ALADDIN** way
because factory cutting and fitting reduce the
labor cost 30% and lumber waste 18%

THE
FREIGHT

Aladdin designers present this masterpiece of modern design—the Flamingo. Note the front porch and entrance are protected by the extending main roof. Unique outside wall treatment is apparent in the choice of Vertical Boarding, horizontal siding, and stone work. The latter is of course optional. Write for further information on this beautiful home and detail Specifications.

SIMPLE TO BUILD

Dear Sirs:

Have just finished my Inglewood #3 and must say that I am pretty darn proud of it. All the outside help I had was installing of furnace and heavy soil pipe from the bath.

Had a local lumber dealer unload and deliver my home and he said the lumber was the finest he had seen for some time. He said that I couldn't buy it here for anywhere near the price I paid you for it.

Your blueprints were excellent and I know anybody could put up one of your homes with them. Thank you for the splendid and prompt way you handled my order.

J. L. S., Minerva, Ohio

BUILD IT YOURSELF—SAVE TIME—MONEY

THE ACACIA

The Acacia

Aladdin offers you a chance to enjoy today's comforts and conveniences now, in this architectural gem. Efficient, economical, practical—it only looks expensive. When you build this home and decorate it with your own soft, modern colors, you will have the loveliest home in town—a proud improvement to your neighborhood. The interesting touches of gay details add glamour to your home. Write us for further specifications on this beautiful and practical home.

PLAN No. 1

PLAN No. 2

BUILD IT YOURSELF—SAVE TIME—MONEY

The Roanoke

Here is a bright, fresh look in home building. This captivating little creation becomes more beautiful with age. Here is a home that is easy to own, low in cost, and high in glamorous style and efficiency. Relax in comfort and enjoy more gracious living. This home is ideal for a retiring couple, or a newly wedded couple. It is easier to keep clean and neat, and because of its simplicity, you can keep your home young and gay. Write us for further details and specifications.

COLOR CARD

The Aladdin color card reproduces a wide range of the newest and most fascinating colors that will be available to you to choose from for your outside body color and trim. We also illustrate the latest finishes for your inside woodwork. If you will write us we will gladly mail you our color card. If you have any other questions just tell us what they are so we can be of helpful service to you.

THE ROANOKE

The Parkway—New and Modern—

WE PAY THE
FREIGHT

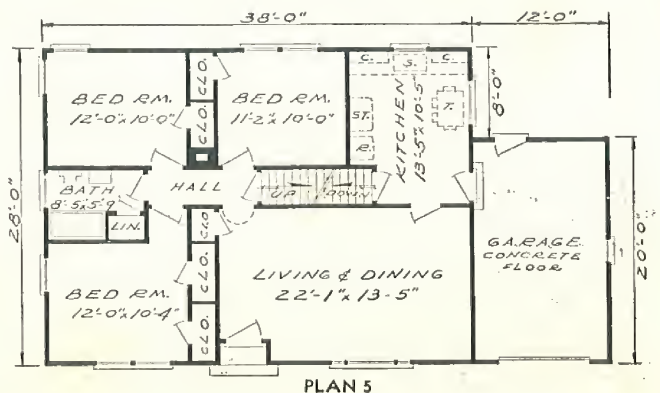

This actual color photograph of the Parkway pictures one of our most charming modernized Colonial designs—truly a "Home of Tomorrow." Here, too, we are showing the newest thing in insulated heavy outside cedar shingle walls. Note that deep shadows thrown by the thick base of the shingles soften the severity of plain white walls. Under each shingle is an undercourse of insulation board giving added insulation value. All shingles are dip stained when received by you which further saves the cost of painting your new home. Write for detail specifications.

FIT LIKE A GLOVE

Dear Sir: June 28, 1956
The house arrived at its destination June 21. I had it unloaded and sorted at my lot in 5½ hours. I have a friend who is a contractor and he said he never in all the years seen or handled such good, dry lumber, the best quality he has ever seen. Everything is fitting into place just like a glove. I must say that the lumber was as you said it would be. The best that could be purchased, it's the best quality material that ever came into this valley, and you can quote me on this any time. I want to thank you for your co-operation.

Respectfully,
P. F., Wingdale, New York

EXTERIOR DOORS

Style No. 8 door is provided at the rear of each of our Aladdin homes. In our specifications we list the front door, giving the style number of door provided. If you wish a different style door than is specified in the specifications for your home, write us.

2 Panel

INTERIOR DOORS

Shown at the left is our beautiful two-panel door which we provide for all interior openings where doors are shown. If you wish flush doors as shown at the right, we can provide them at an extra cost. Write us for prices.

Flush

ALADDIN BLUEPRINTS AND INSTRUCTION BOOK

To simplify the erection of your home we furnish a complete set of drawings listing and showing in position every piece of material entering into the construction of your home. Also, we provide a book of instructions explaining in detail every step of the erection, how to sort your materials on the ground after they are unloaded from the car. The drawings and book of instructions are mailed to you far enough in advance so you will have them to study and familiarize yourself with the details before your materials arrive.

It's Easy to Follow ALADDIN Blueprints

BUILD YOUR OWN ALADDIN HOME

Above we have shown in greatly reduced size, a few figures taken from a set of Aladdin Read-cut House Plans. They show the size, length and position of every piece of material entering into the construction of the home. All framing and sheathing including mitered materials are marked and cut to exact length, and all you have to do is nail the materials in place.

BREEZEWAY and GARAGE

The photo at the right pictures the ever popular breezeway connecting the house proper with the garage. The breezeway can be used as a shady porch, outdoor dining place and a covered space for garden furniture and children's playthings. We can quote on furnishing the breezeway with garage (for one car or two cars) for most any Aladdin home shown in our catalog.

ALADDIN BUILDING ESTIMATES

FOOTINGS—We give under "Cubic Yards of Poured Concrete" total number of cubic yards of concrete required for all main footings, column footings, porch footings, terrace floors, chimney footings and concrete steps when shown, also basement floors and floors for all attached garages.

FOUNDATIONS—Under "16" Blocks for Foundation" we give the number of concrete blocks required to construct the foundation according to our foundation plan. This includes porches and terraces where shown; also wall for garages if attached to house. All plans having a basement stairs are figured for a foundation wall 10 blocks high. All plans without basement stairs are figured for a main foundation wall 5 blocks high. For foundation plans see page 28.

SQUARE FEET HOUSE AREA

Below is given the square feet of house area for each of our homes. This area given does not include the garage, when shown in floor plans, or porches. It is the square footage of the house itself.

PLASTERING—Under this heading we give you the square yards of plastering surface, or if you use wallboard, the square yards of surface to be covered. The yardage includes all walls and ceiling surface. It does not include walls for any attached garages. All openings are included in figures such as doors and windows to allow for cutting and waste of your plaster base, such as rocklath, or wallboard.

CHIMNEYS—Chimneys and fireplaces are sometimes shown on our plans to suggest a practical location. Since we do not cut the openings in our homes for them, you can change the location or omit them entirely if preferred. The amount of material required for chimneys is as follows:

One 8" x 8" flue chimney, 30 bricks to each foot of height.

Two 8" x 8" flue chimney, 50 bricks to each foot of height.

One 8" x 12" flue chimney, 35 bricks to each foot of height.

Two 8" x 12" flue chimney, 60 bricks to each foot of height.

For mortar allow 1/2 bbl. cement and 1/2 cu. yd. sand for each 1000 bricks.

YOUR ALADDIN KITCHEN CAREFULLY PLANNED

Aladdin kitchens are designed for step-saving efficiency by the careful planning of our kitchen designers. In each of the floor plans in our catalog we show suggested cabinet arrangements. Modern trends demand that the cabinets be styled for beauty, utility and livability. Our cabinets are made of seasoned hardwood that offers rich beauty, tremendous value and long-term service. We do not furnish metal cabinets for any of our homes. You have your choice of either lustrous white enamel or the natural Birch as shown in the illustration above. Cabinets come to you direct from our manufacturer, completely assembled, ready to install. No plumbing fixtures, metal mouldings or counter covers are furnished. Kitchen cabinets are quoted as an optional feature for your Aladdin Home and are not sold separately. Write us for price of kitchen cabinet unit for the Aladdin home you have selected.

The lovely dining corner arrangement shown at the right was installed in an Aladdin home by its owner. Your Aladdin kitchen can also be enhanced by your own individual ideas and color treatment.

A LOVELY KITCHEN
